Your Health Freedom Symposium

# Employer Vaccine Mandates

What you can do

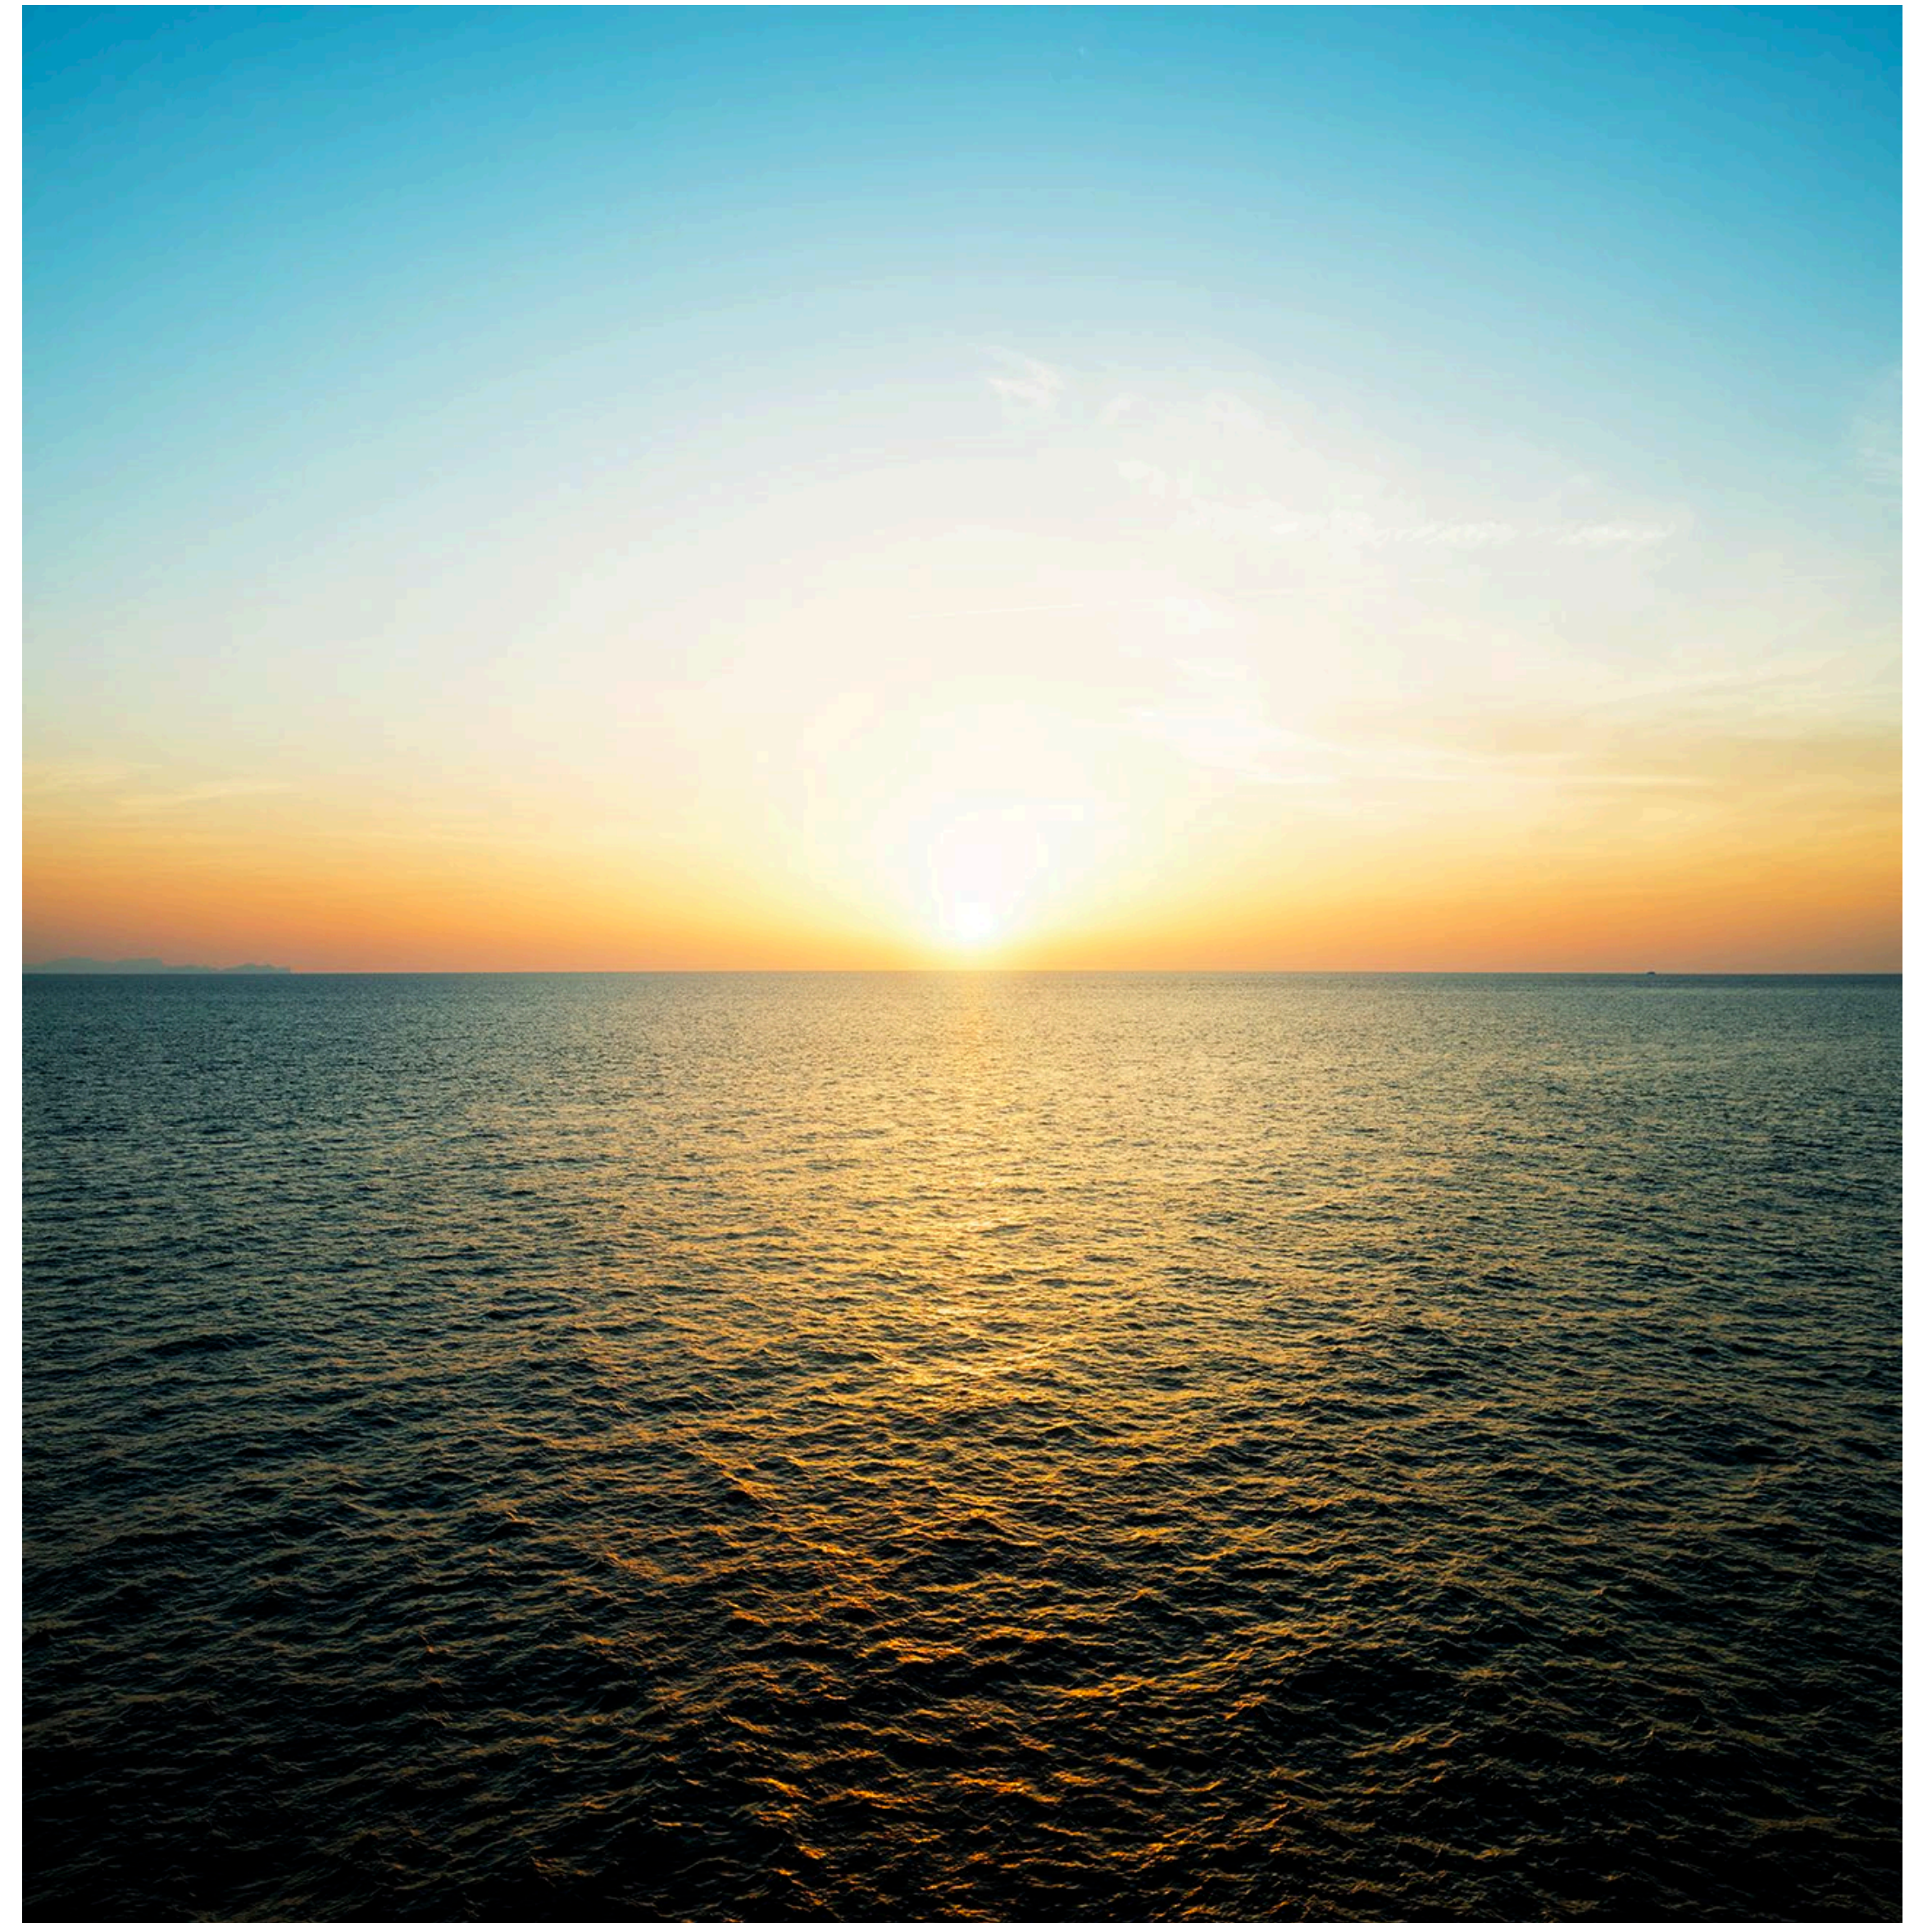

Paul Thomas MD & Dr Henry Ealy

# Don't decline shot

Ask for Informed Consent

- To make a decision you need more information to decide what is best for you.
- Organize others who don't want the shot or those who got one and now don't want another
- **DO NOT QUIT**

# Employer who mandates is legally obligated to answer Q's on Informed Consent

Get your Answers in Writing (email thread)

- Share that FDA approval does NOT relinquish the Employer from their responsibility to fulfill Informed Consent as the arbiter of the mandate.
- Pfizer-BioNTech clinical trial ends May 2, 2023,
- Moderna-NIH clinical trial ends October 27, 2022
- Johnson & Johnson clinical trial ends January 2nd, 2023
- The recently approved Pfizer (Comirnaty) is currently unavailable
- If you have a labor union, changes to CBA without consent violates Contract Law

# INFORMED CONSENT LAW

## RESOURCES

Informed Consent Law – 45 CFR 46

# QUESTIONS

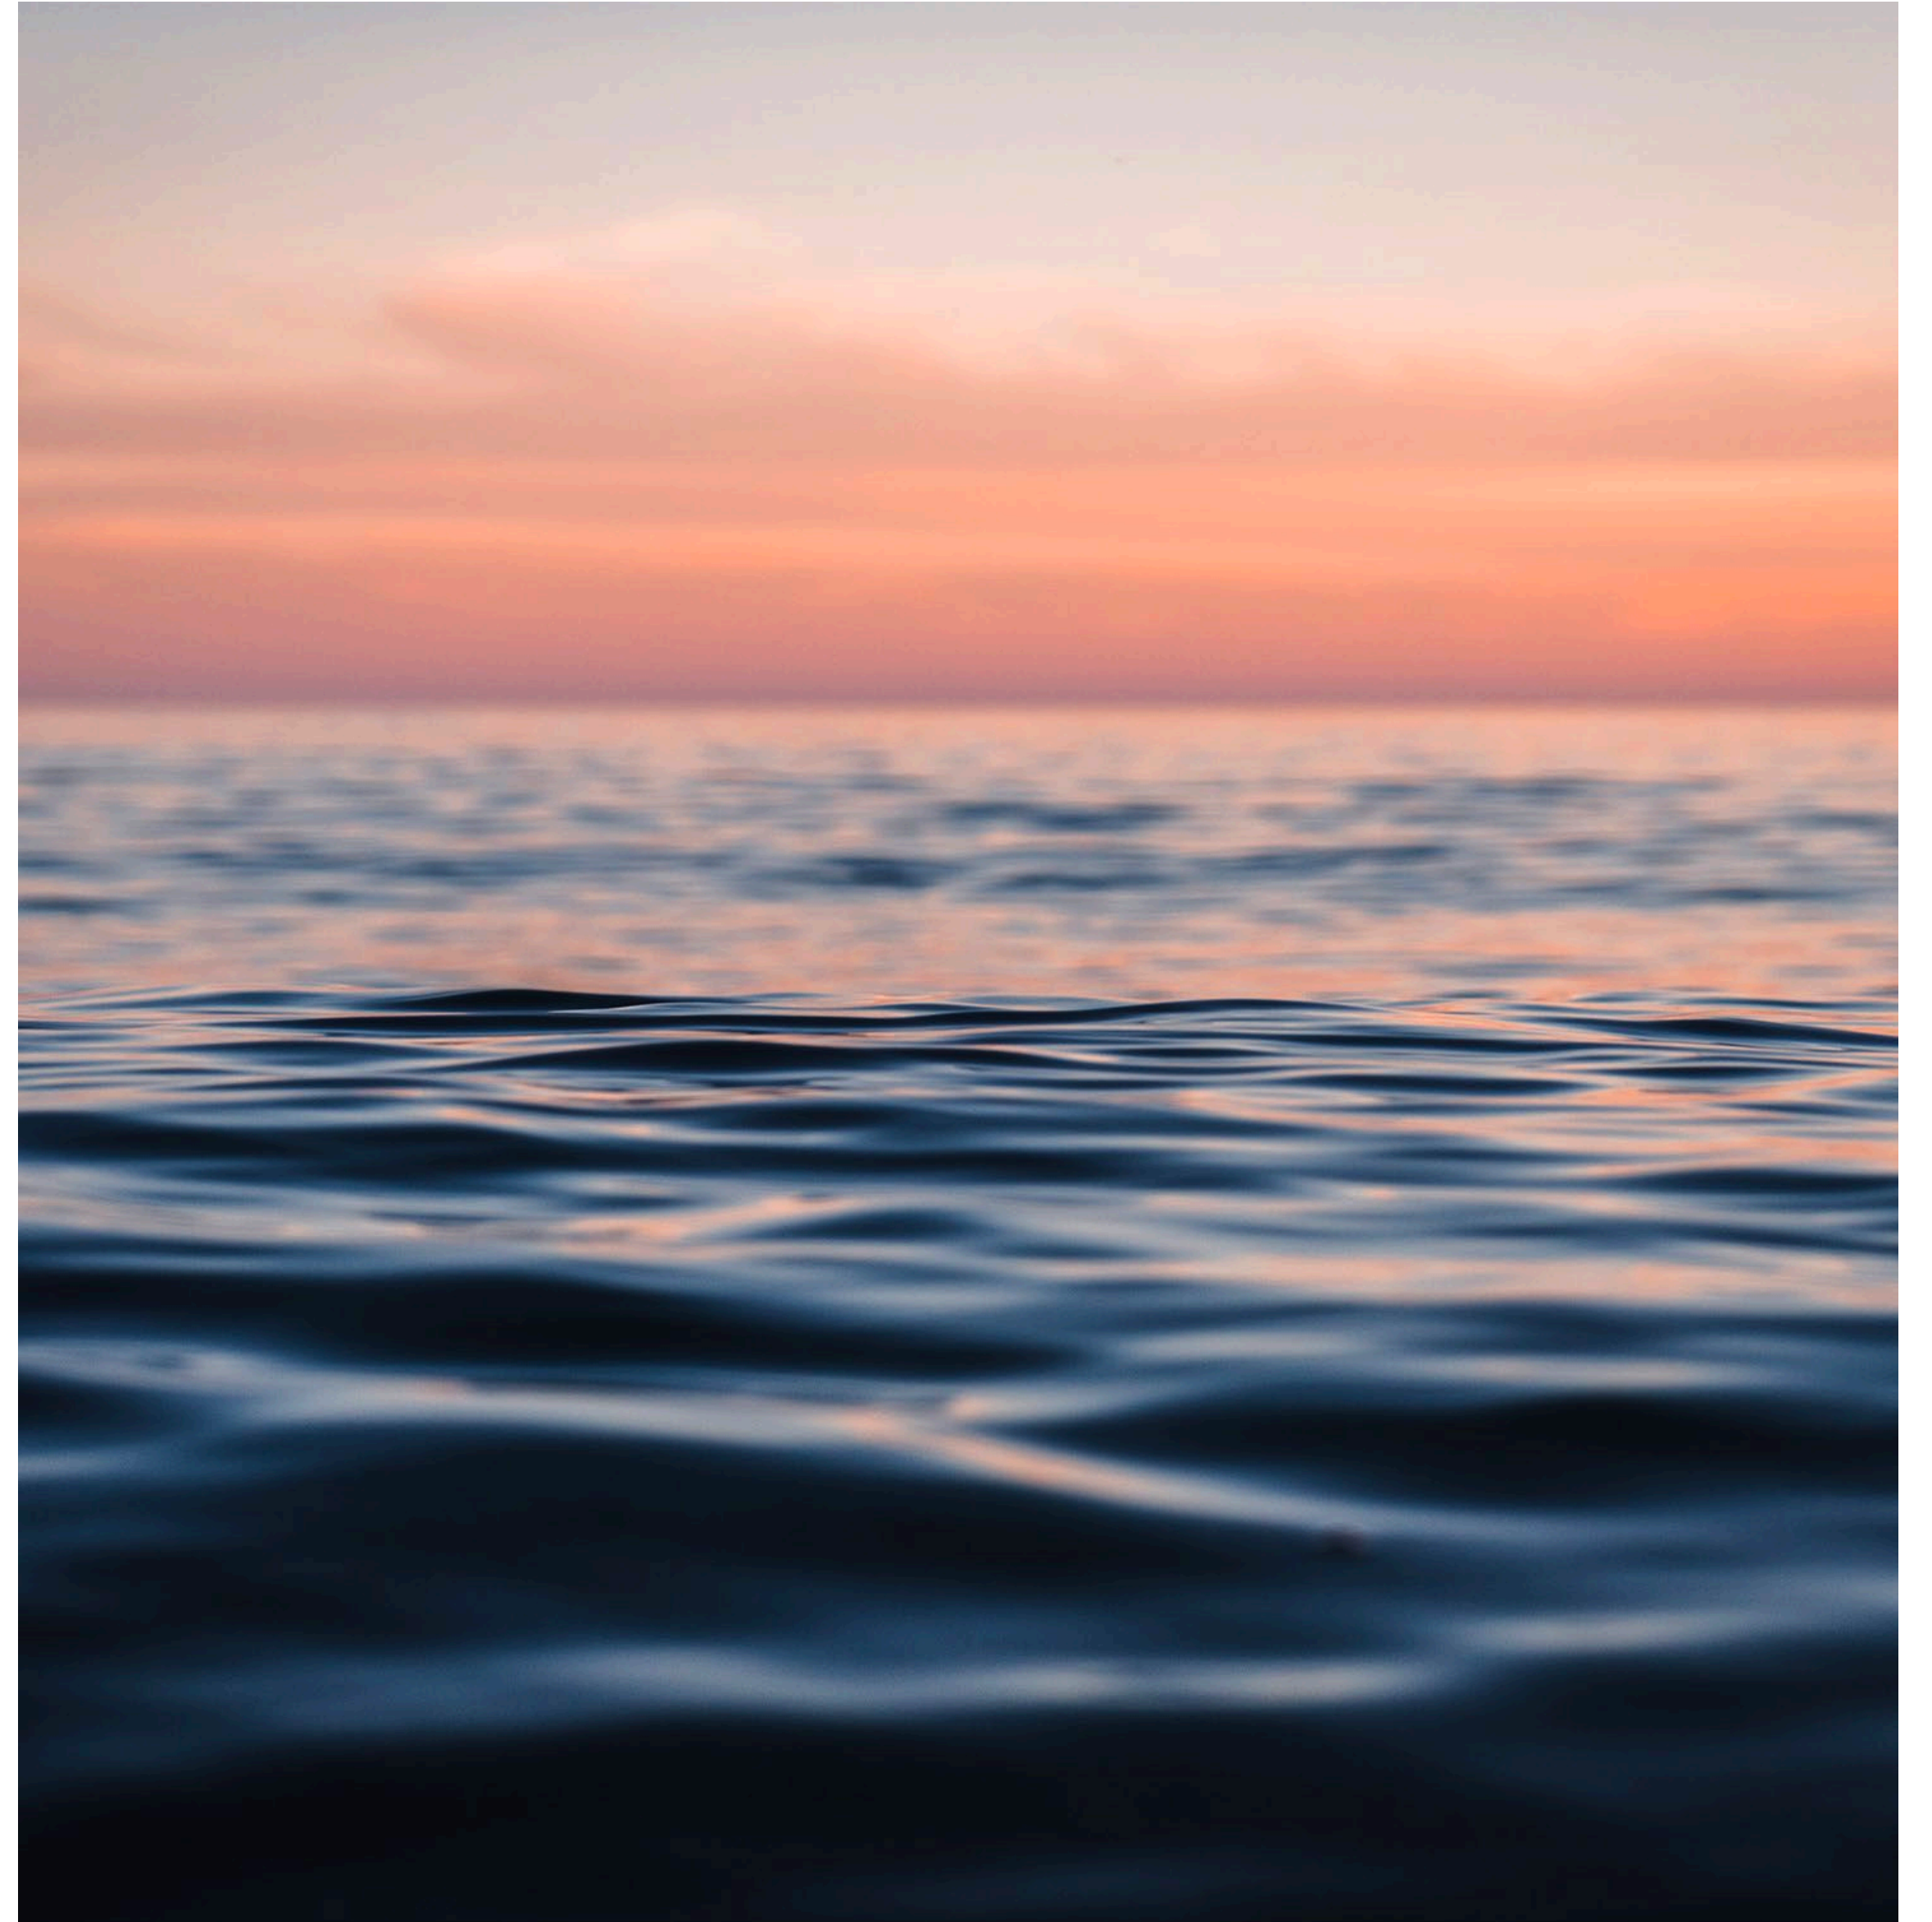

Employer must disclose all conflicts of interest including:

Investments in phase

Local state and federal contracts

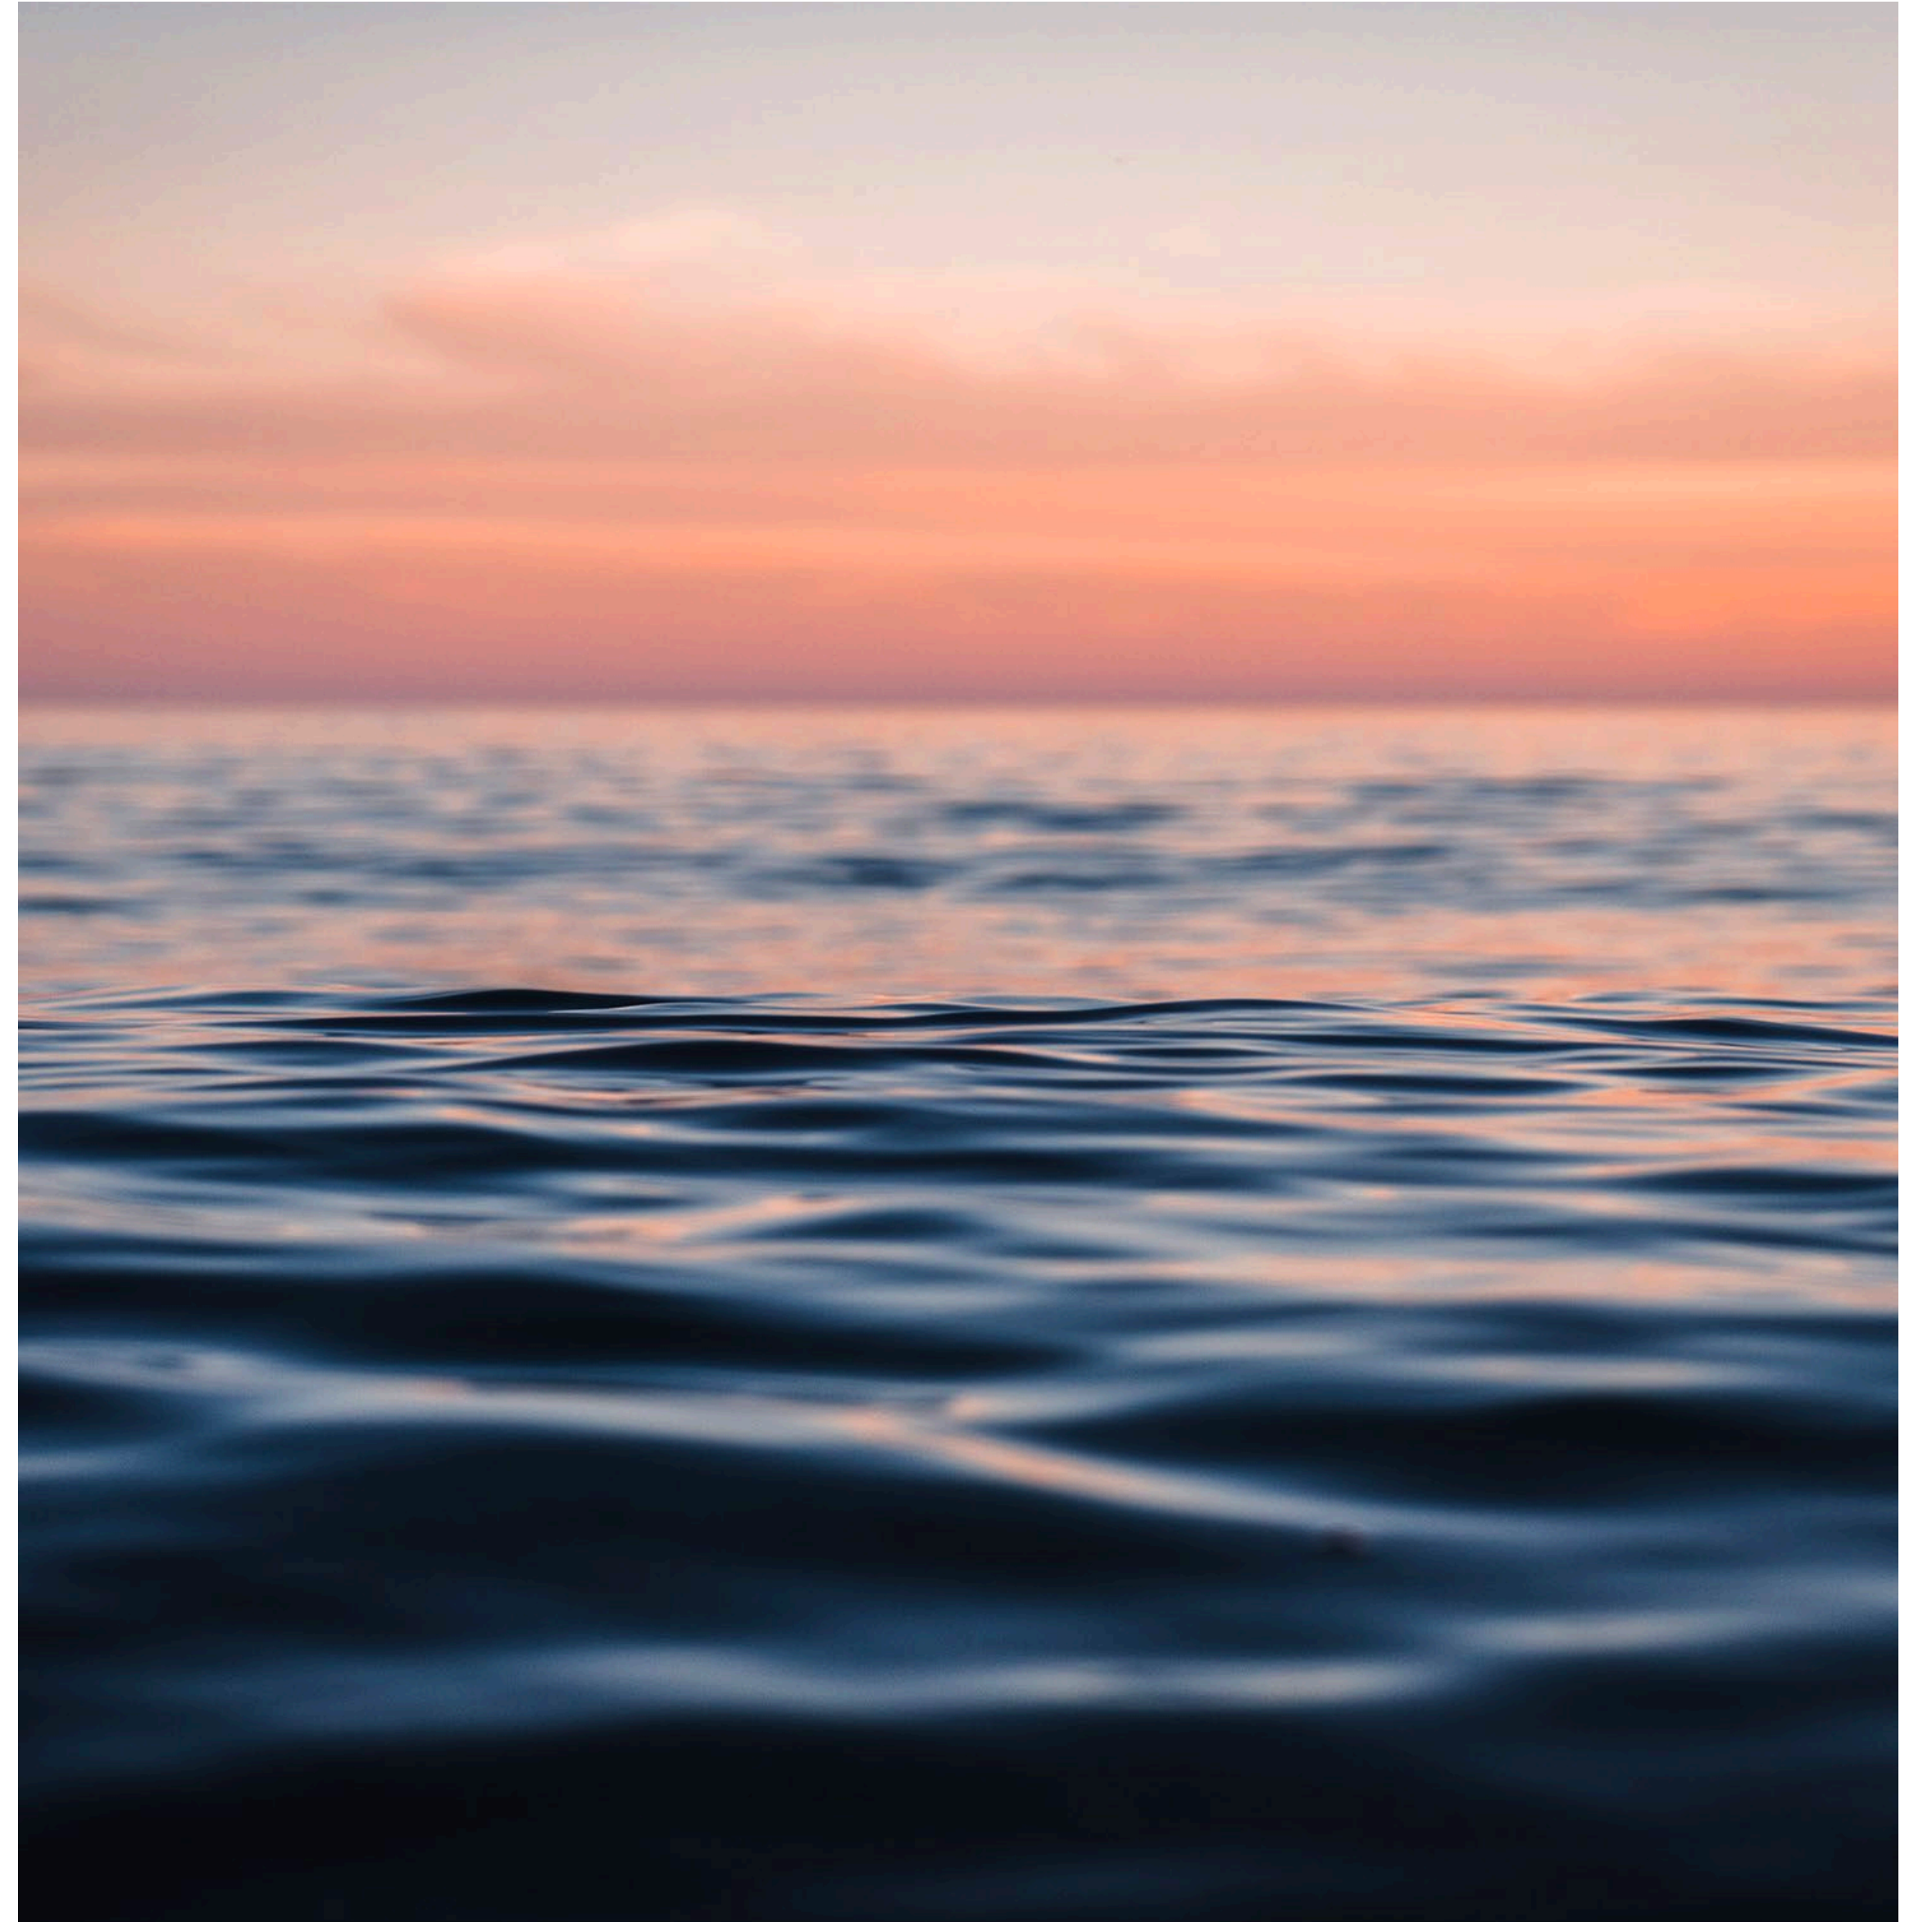

Money received to promote COVID

Or to administer COVID vaccines

# MY RIGHT TO MEDICAL PRIVACY

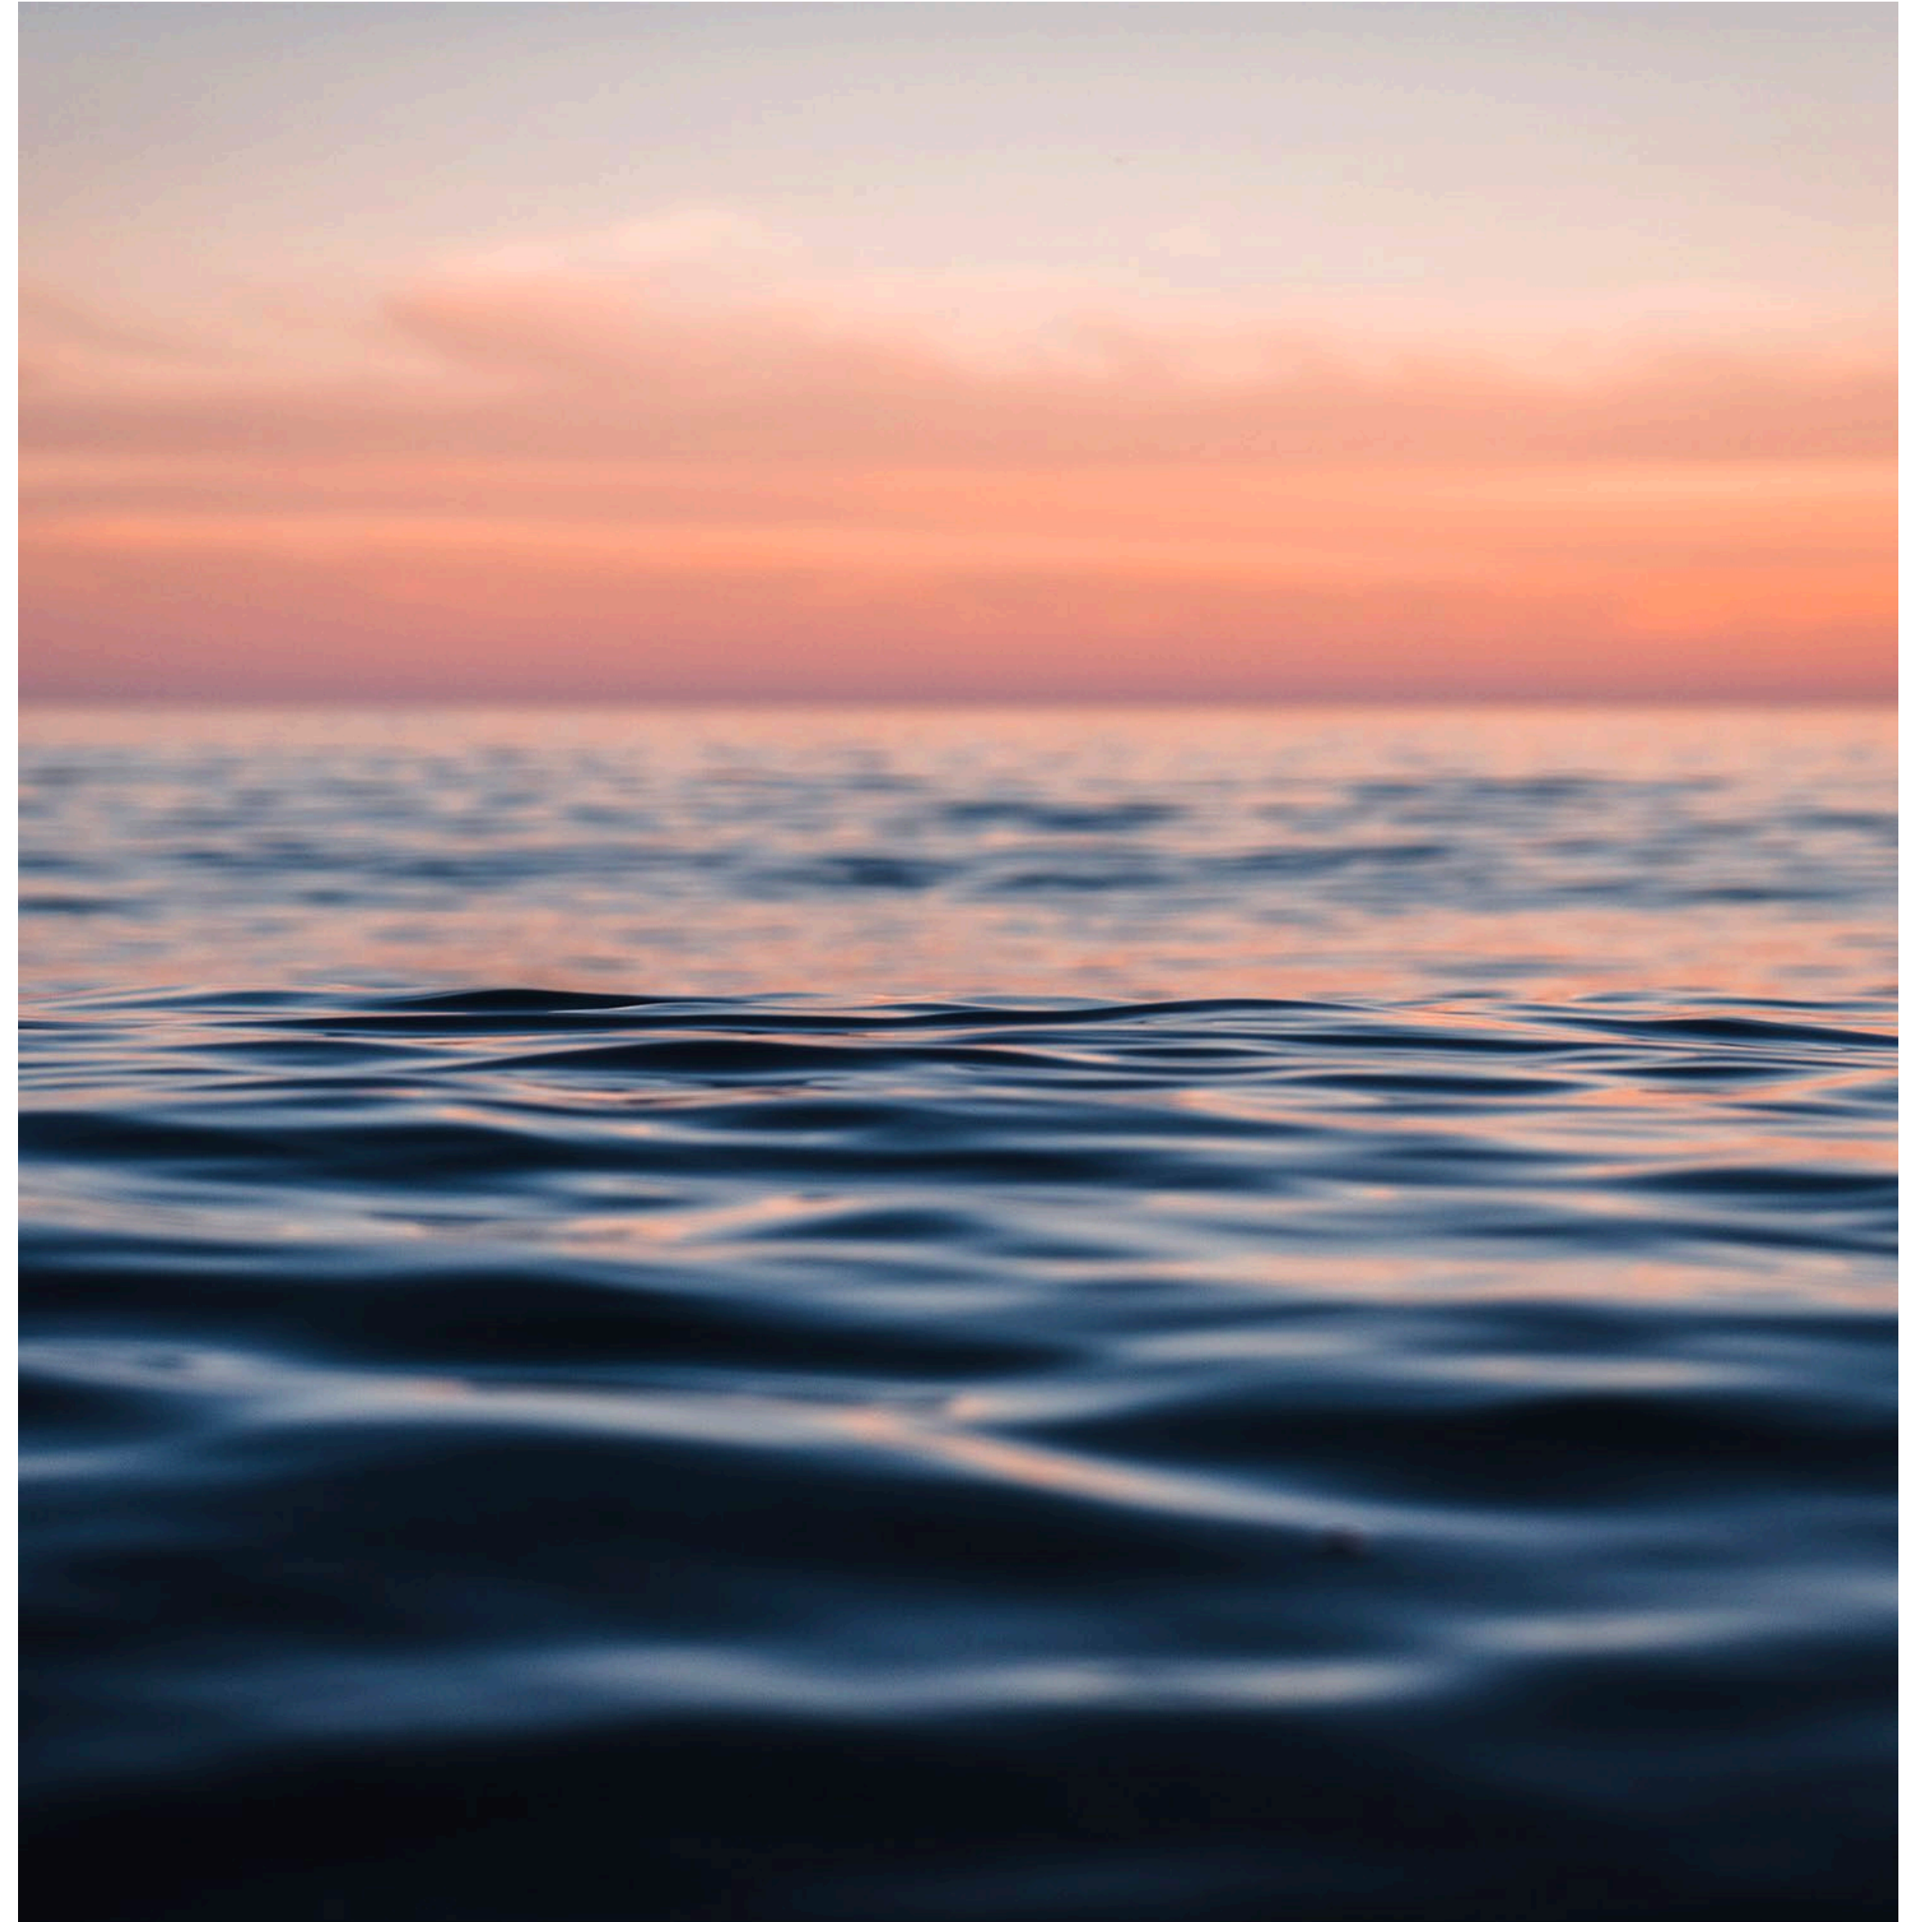

If I get the shot will my right to keep my  
vaccination status private be honored?

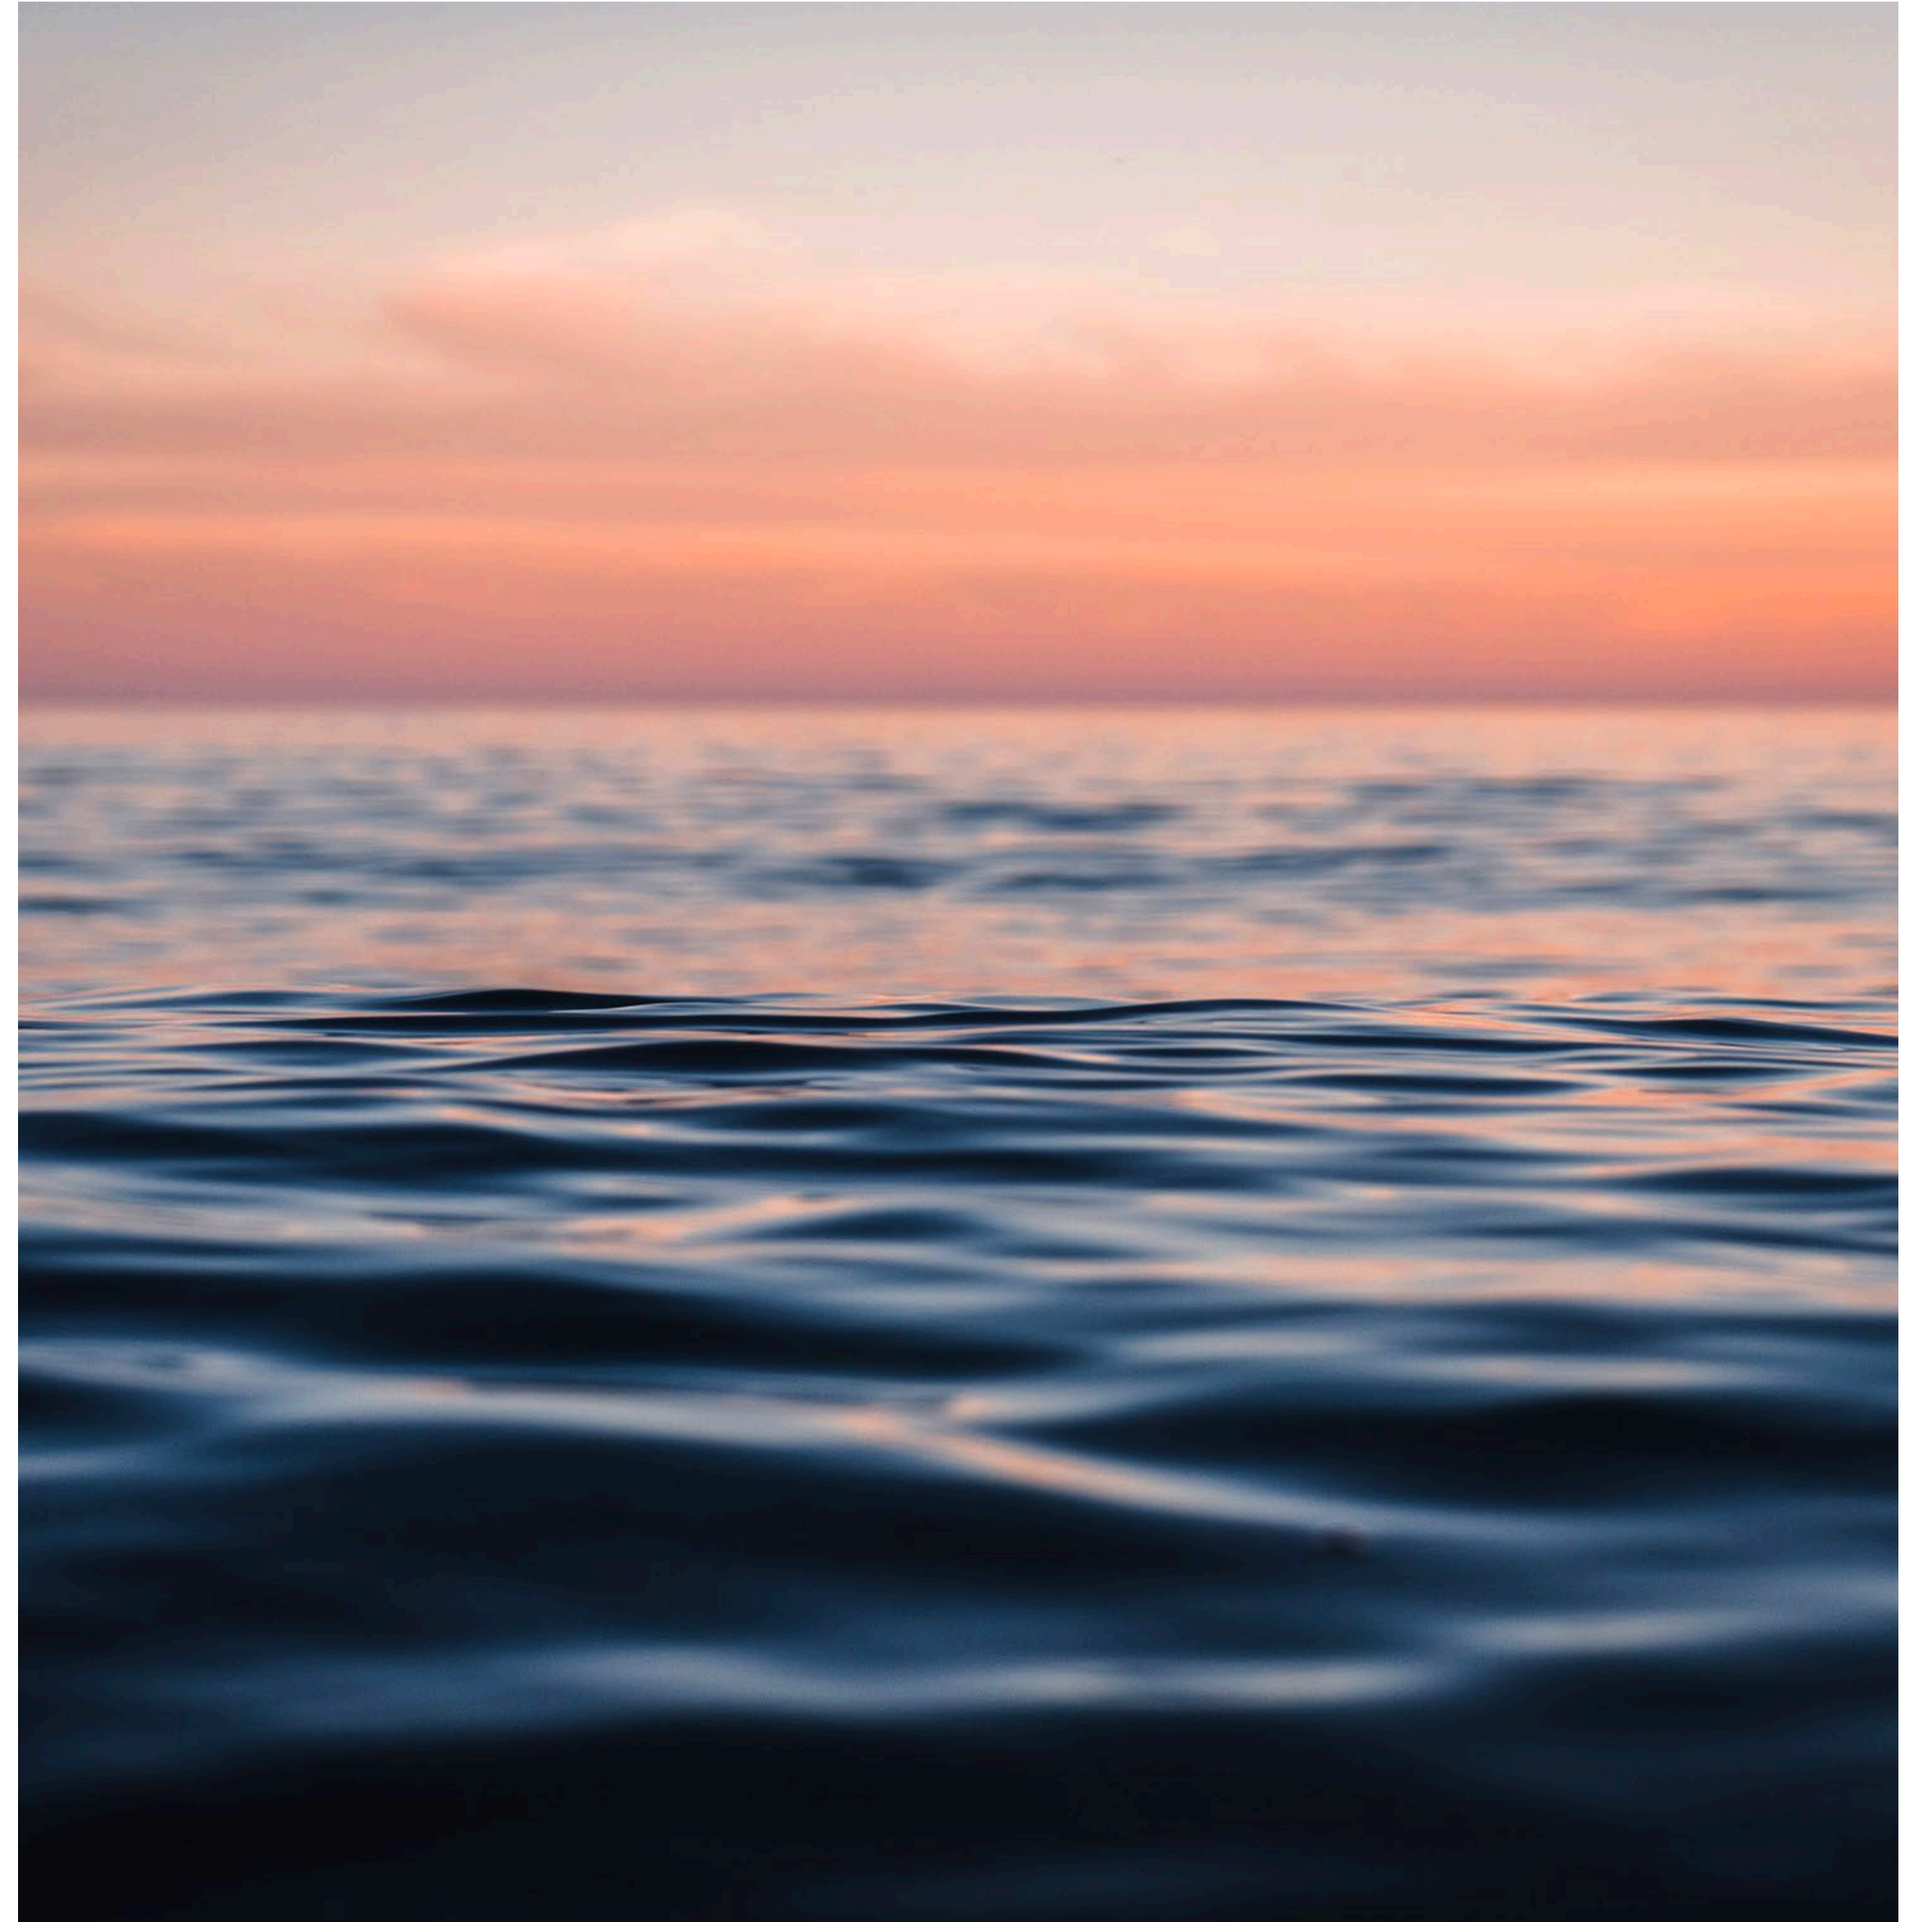

# Who is liable if I am injured

Will you - my employer mandating this vaccine compensate me or my family if I am killed?

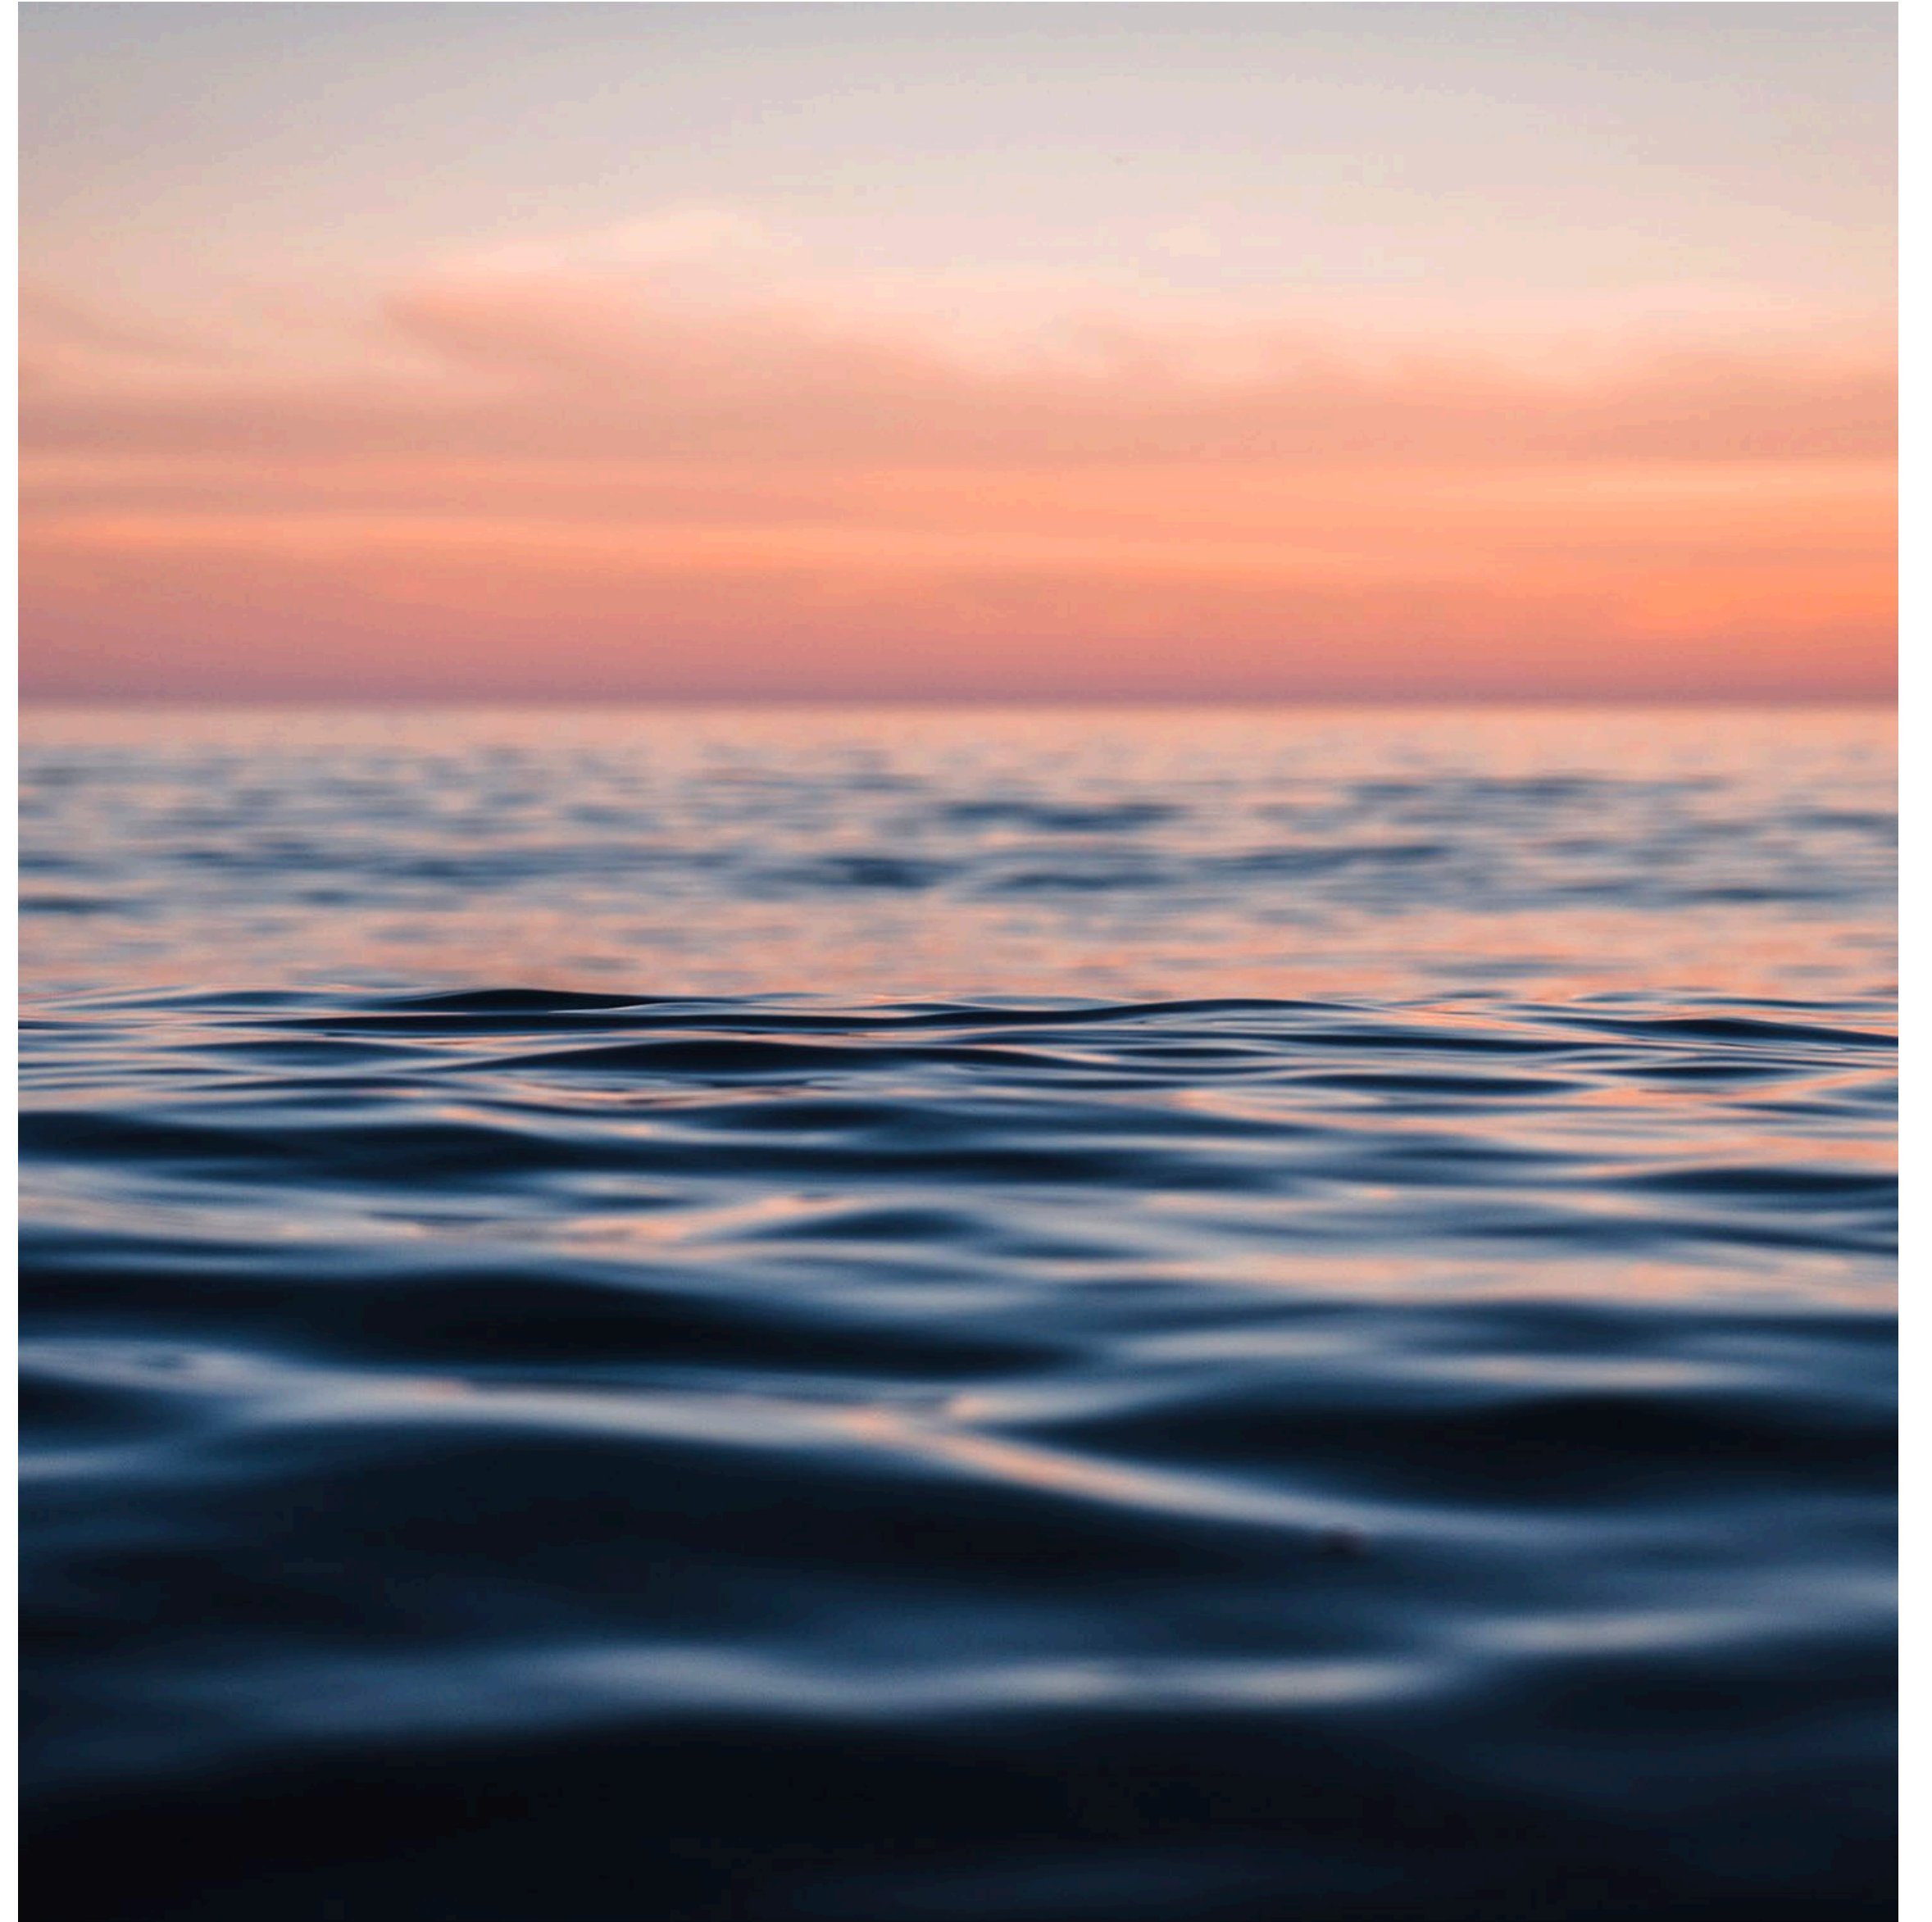

Will my consent terminate  
my life insurance policy?

If I am killed by the vaccine?

# Provide VAERS risk data for:

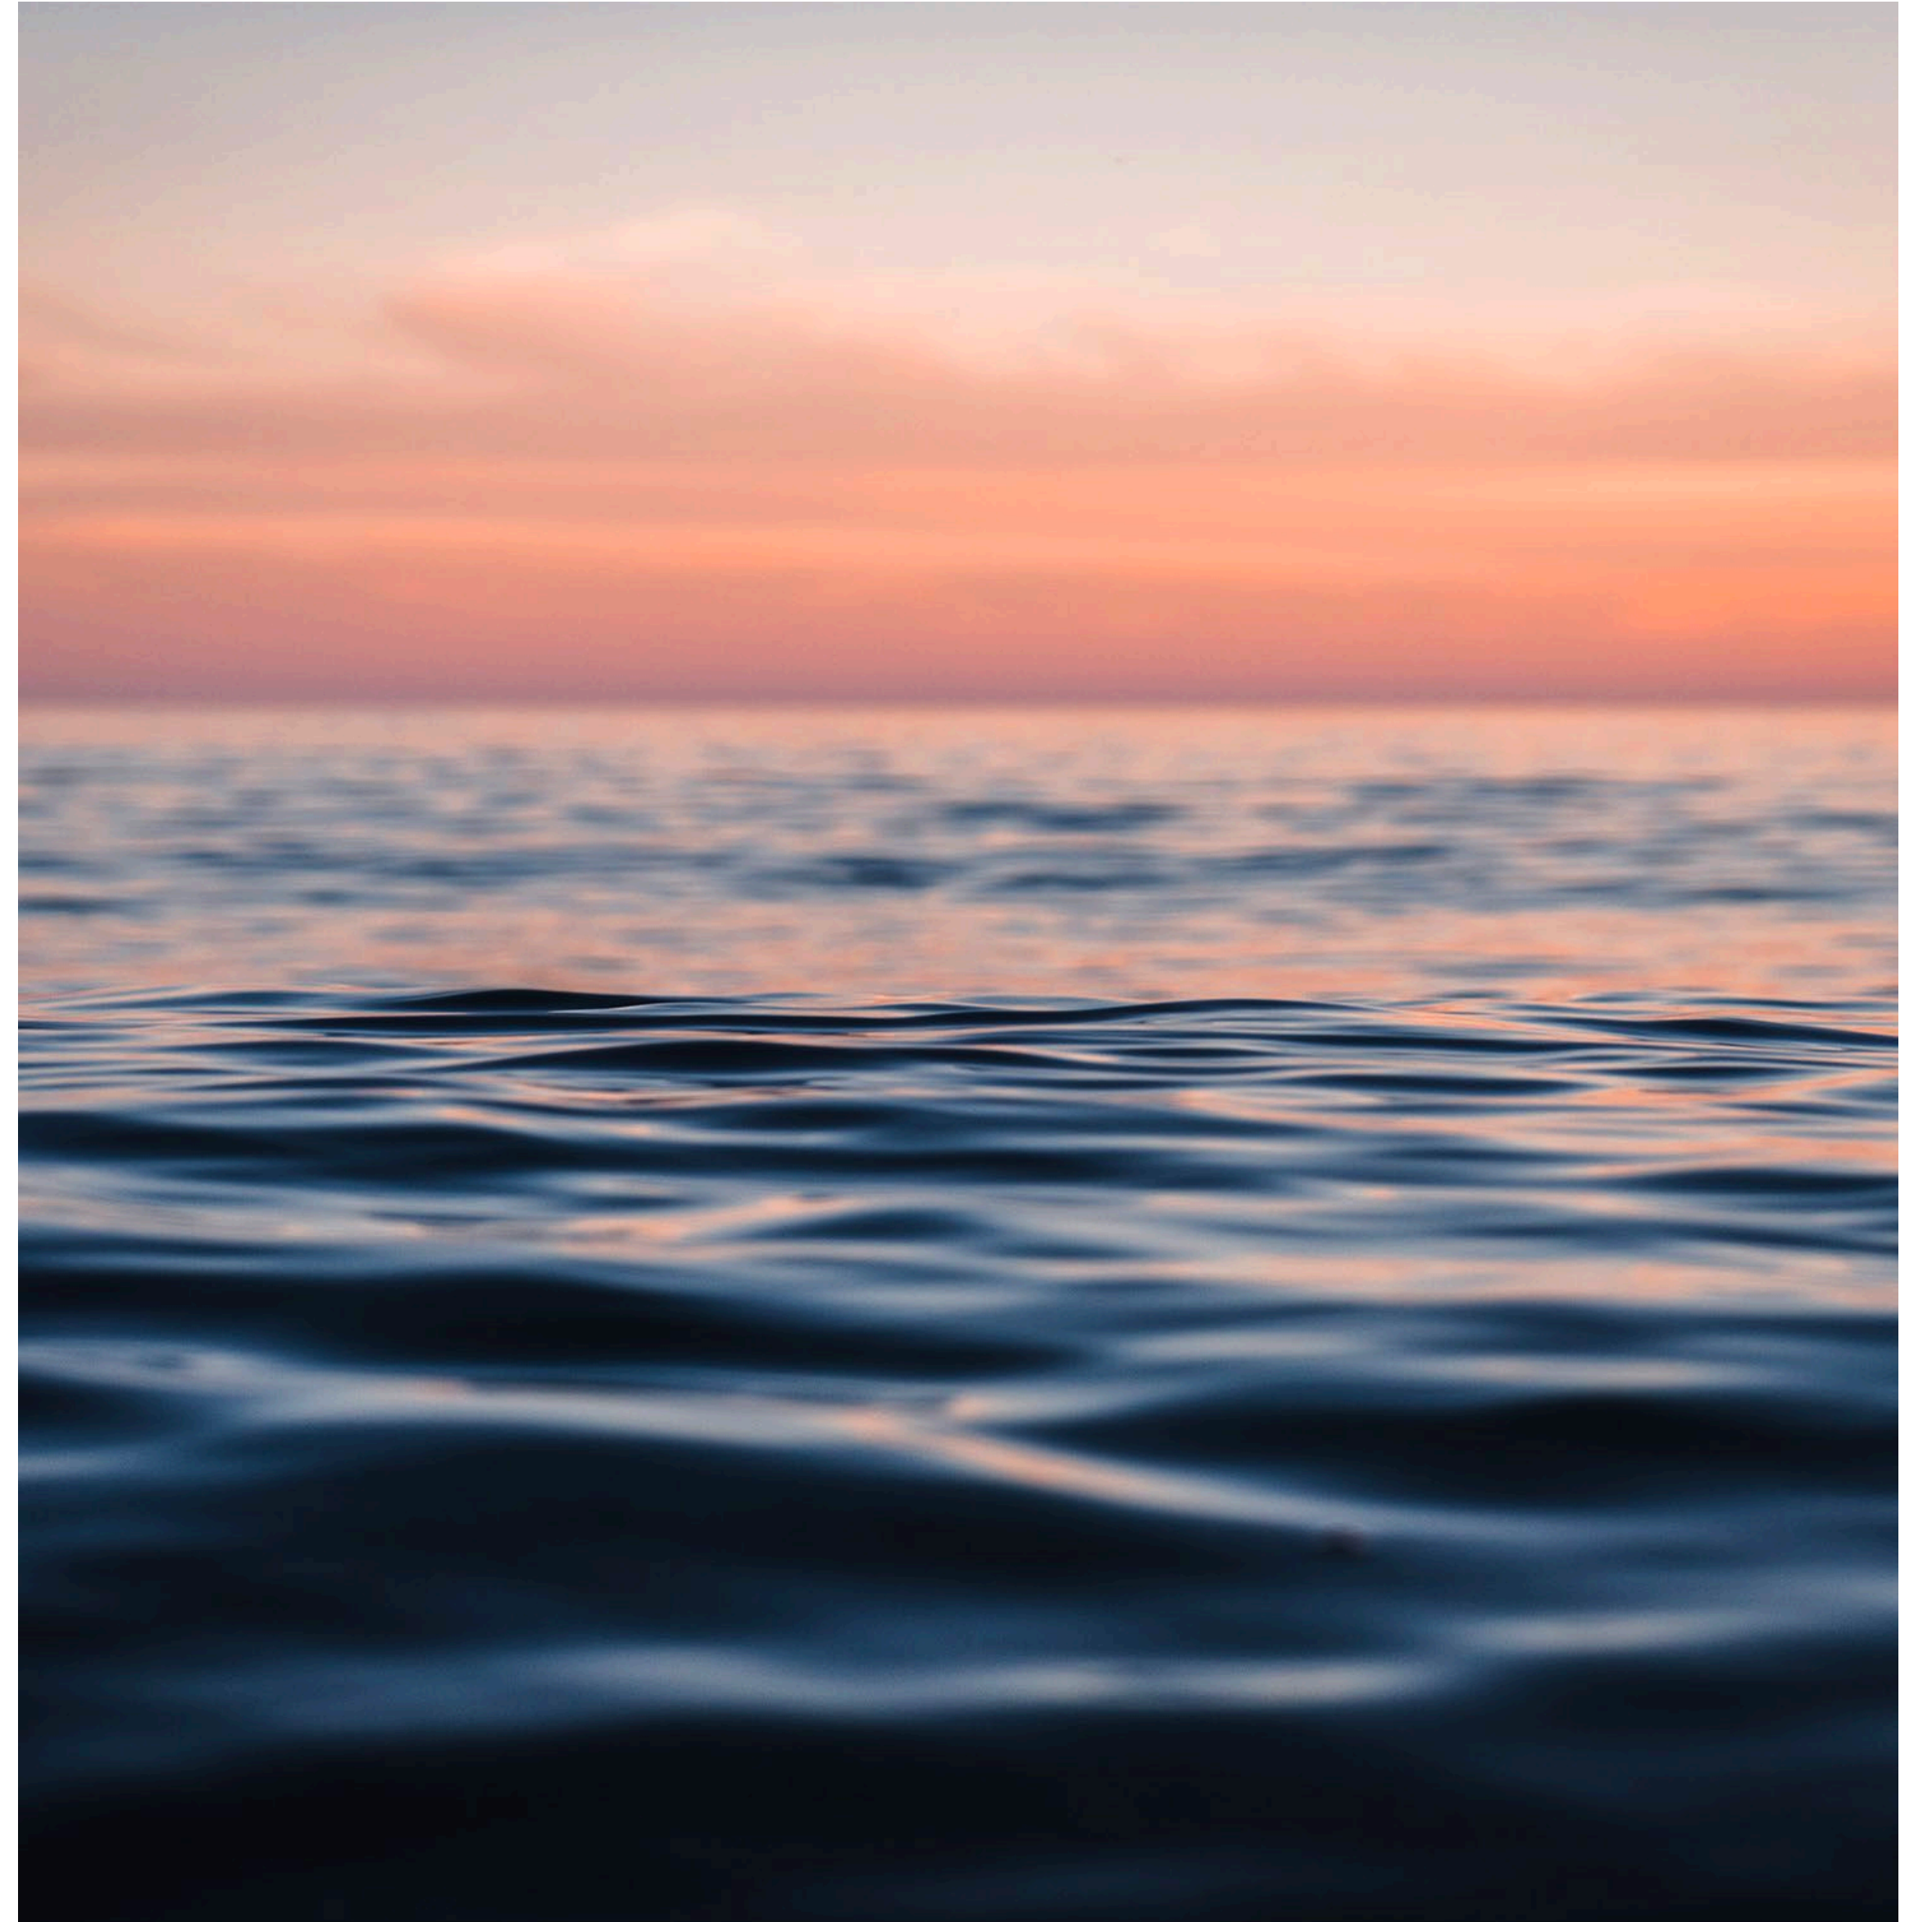

Deaths,  
Disabilities  
Serious side effects  
Hospitalizations  
Emergency room visits  
Babies lost to miscarriage

# Risks and Benefits

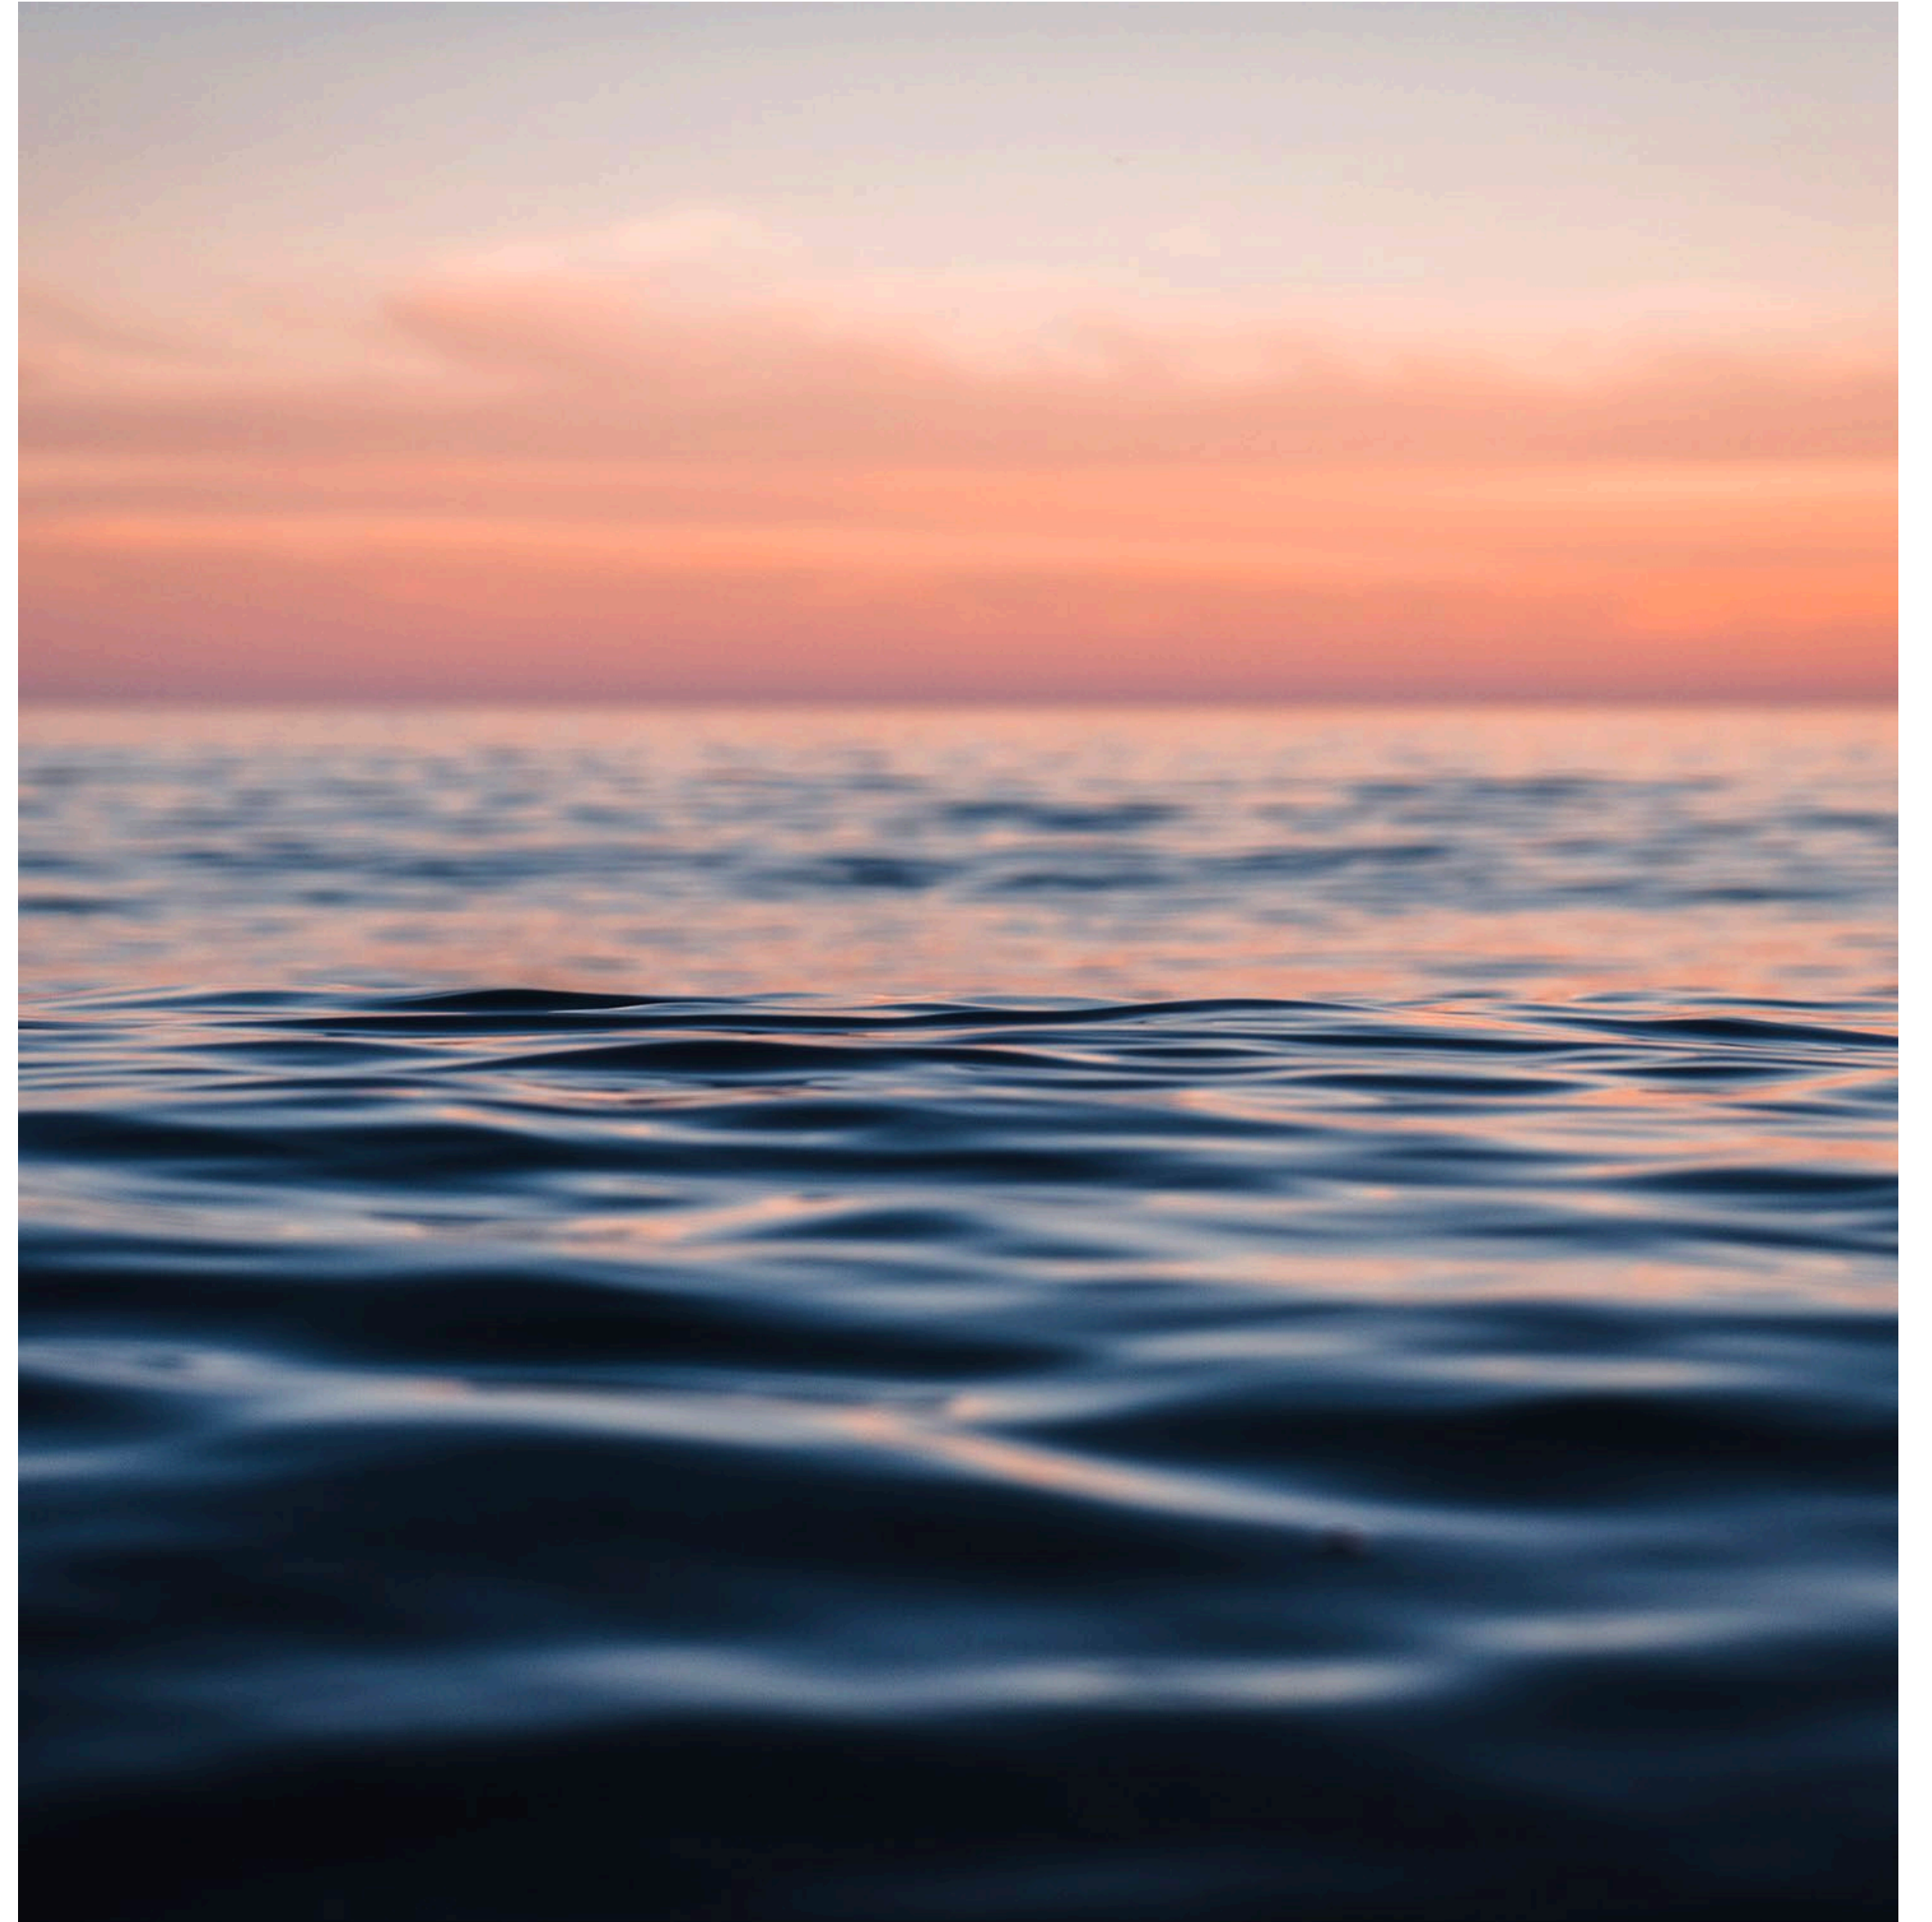

For my age?

Specific warnings put out by the vaccine  
manufacturer?

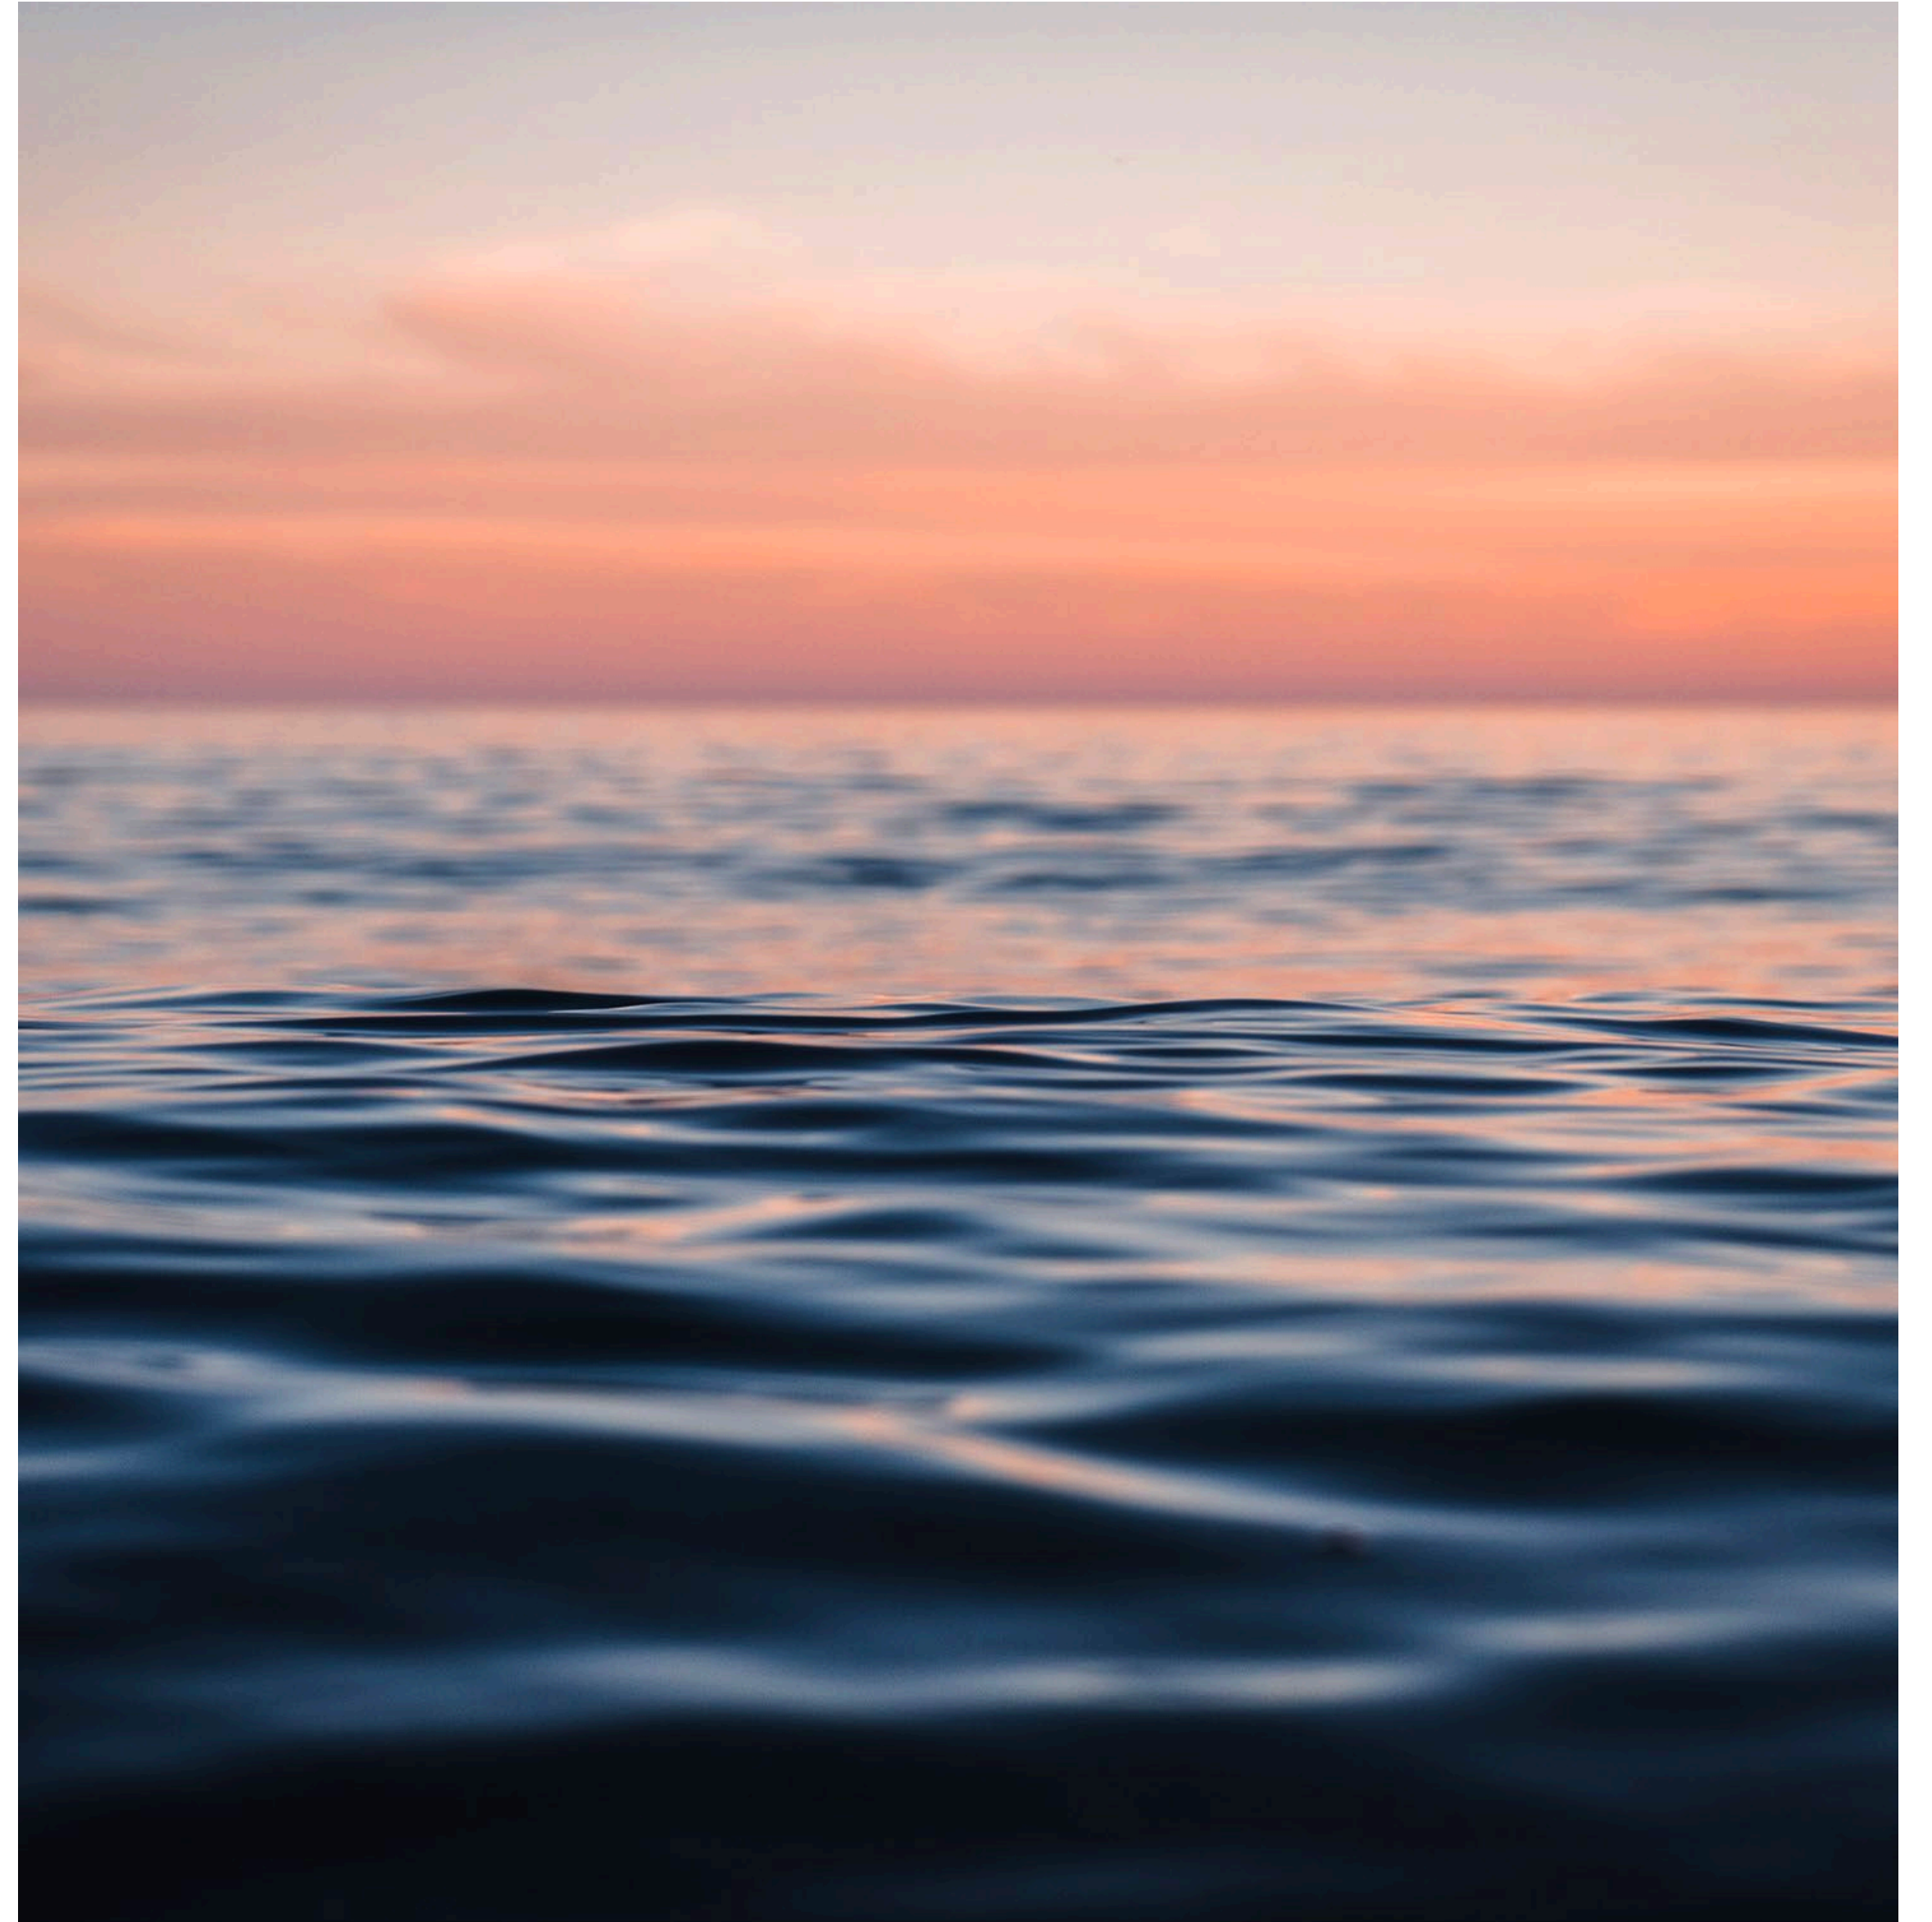

What are the ingredients in  
the shot?

Which are carcinogenic, mutagenic, toxic  
or poisonous?

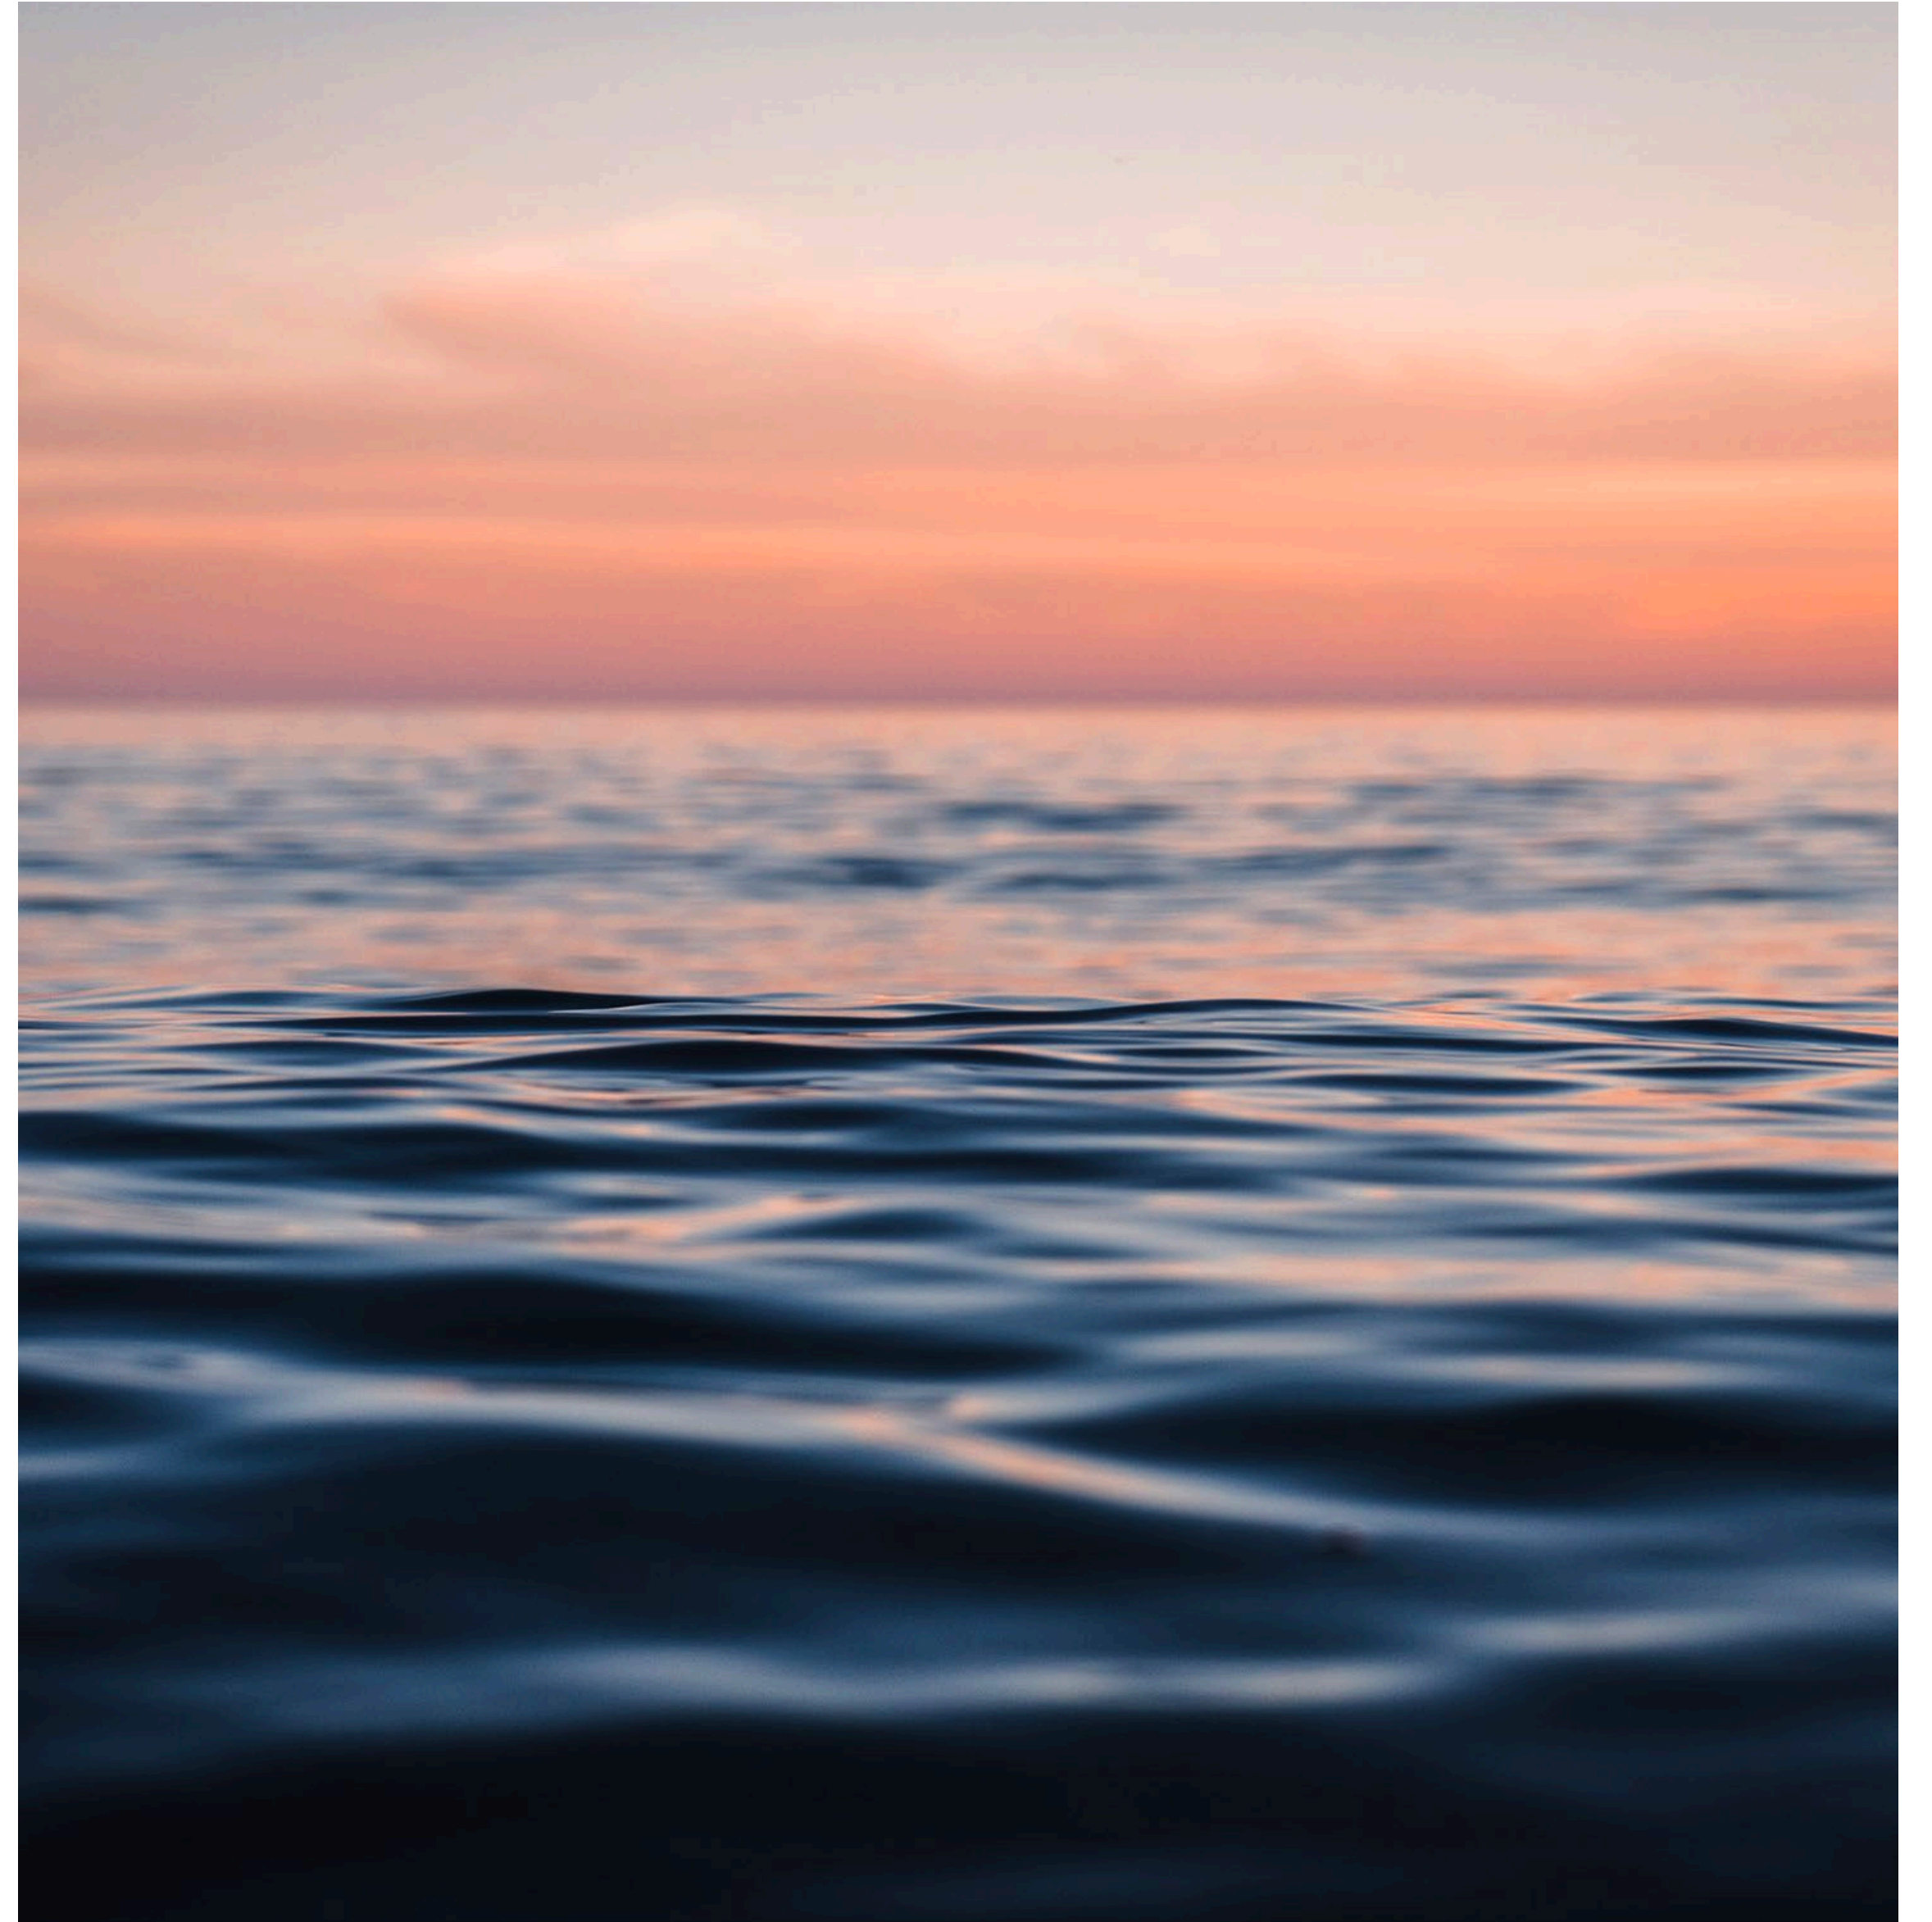

Will shot protect me from  
all variants?

Can I still get COVID?  
Still Transmit COVID?

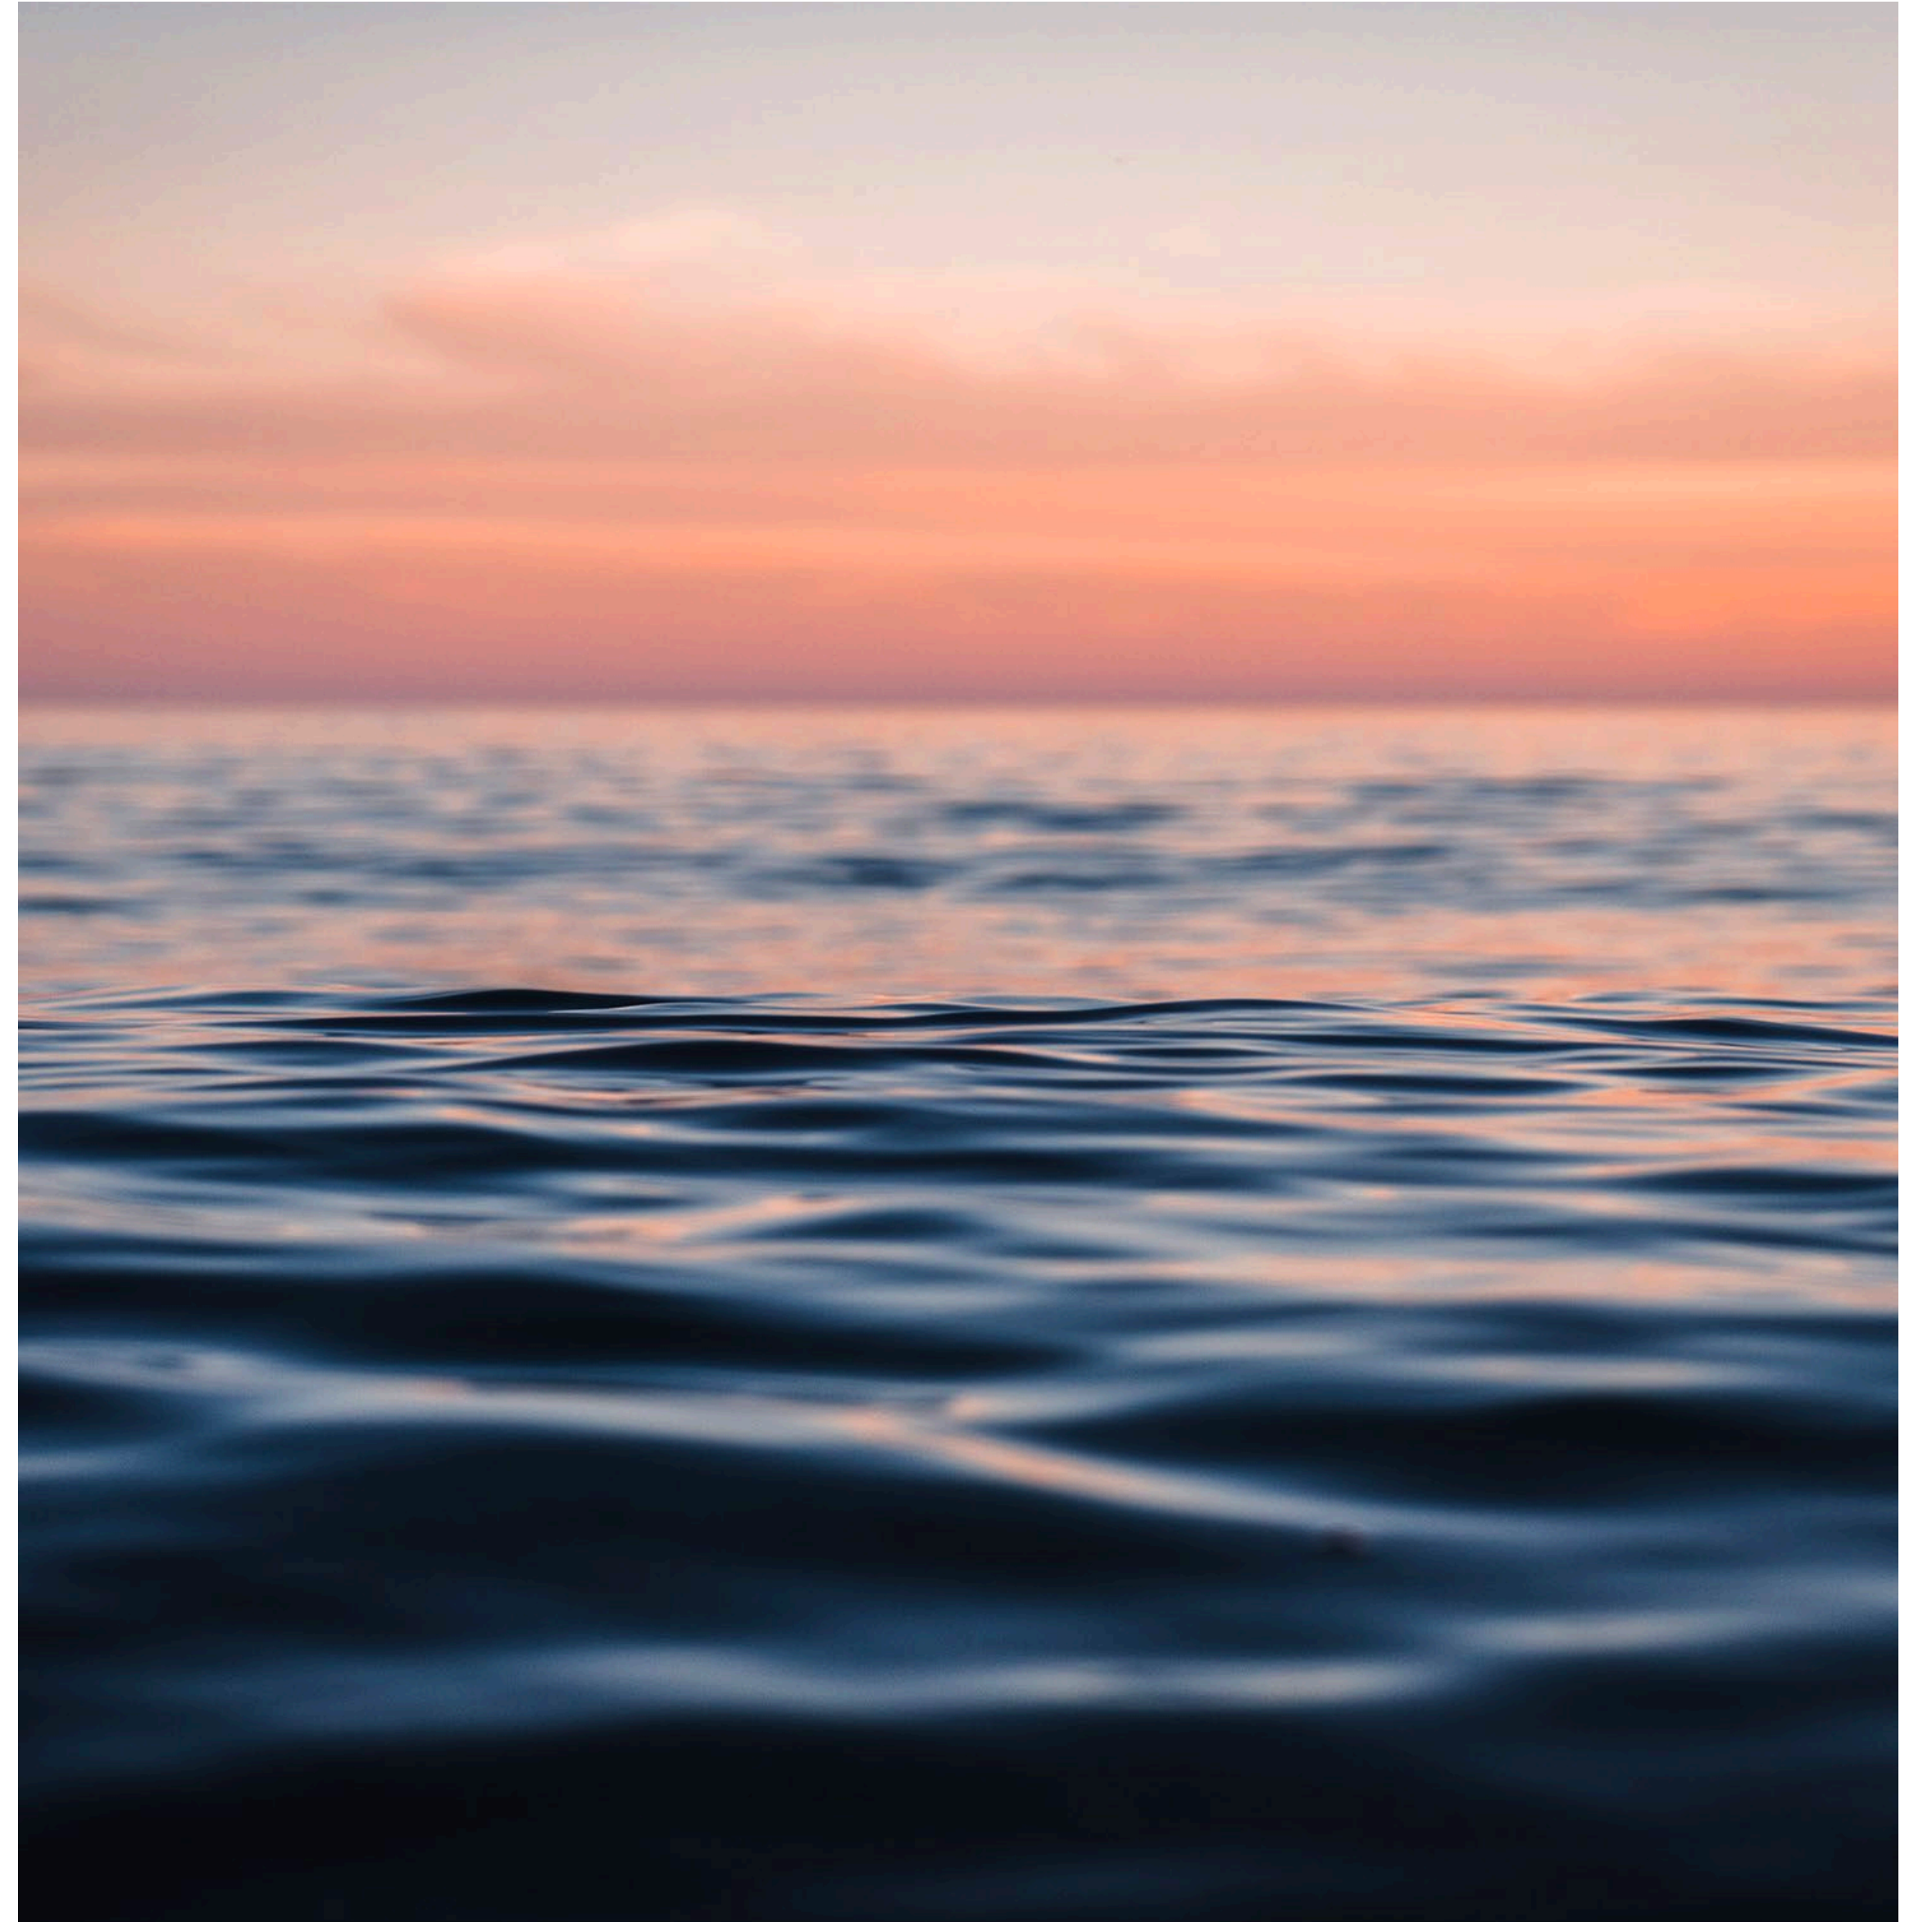

# What is ADE

Is Antibody Dependent Enhancement something I can experience if I get the shot?

# I have had COVID-19

If I have good immunity from my prior infection am I eligible to prove that I have protection?

# What treatments exist for COVID-19

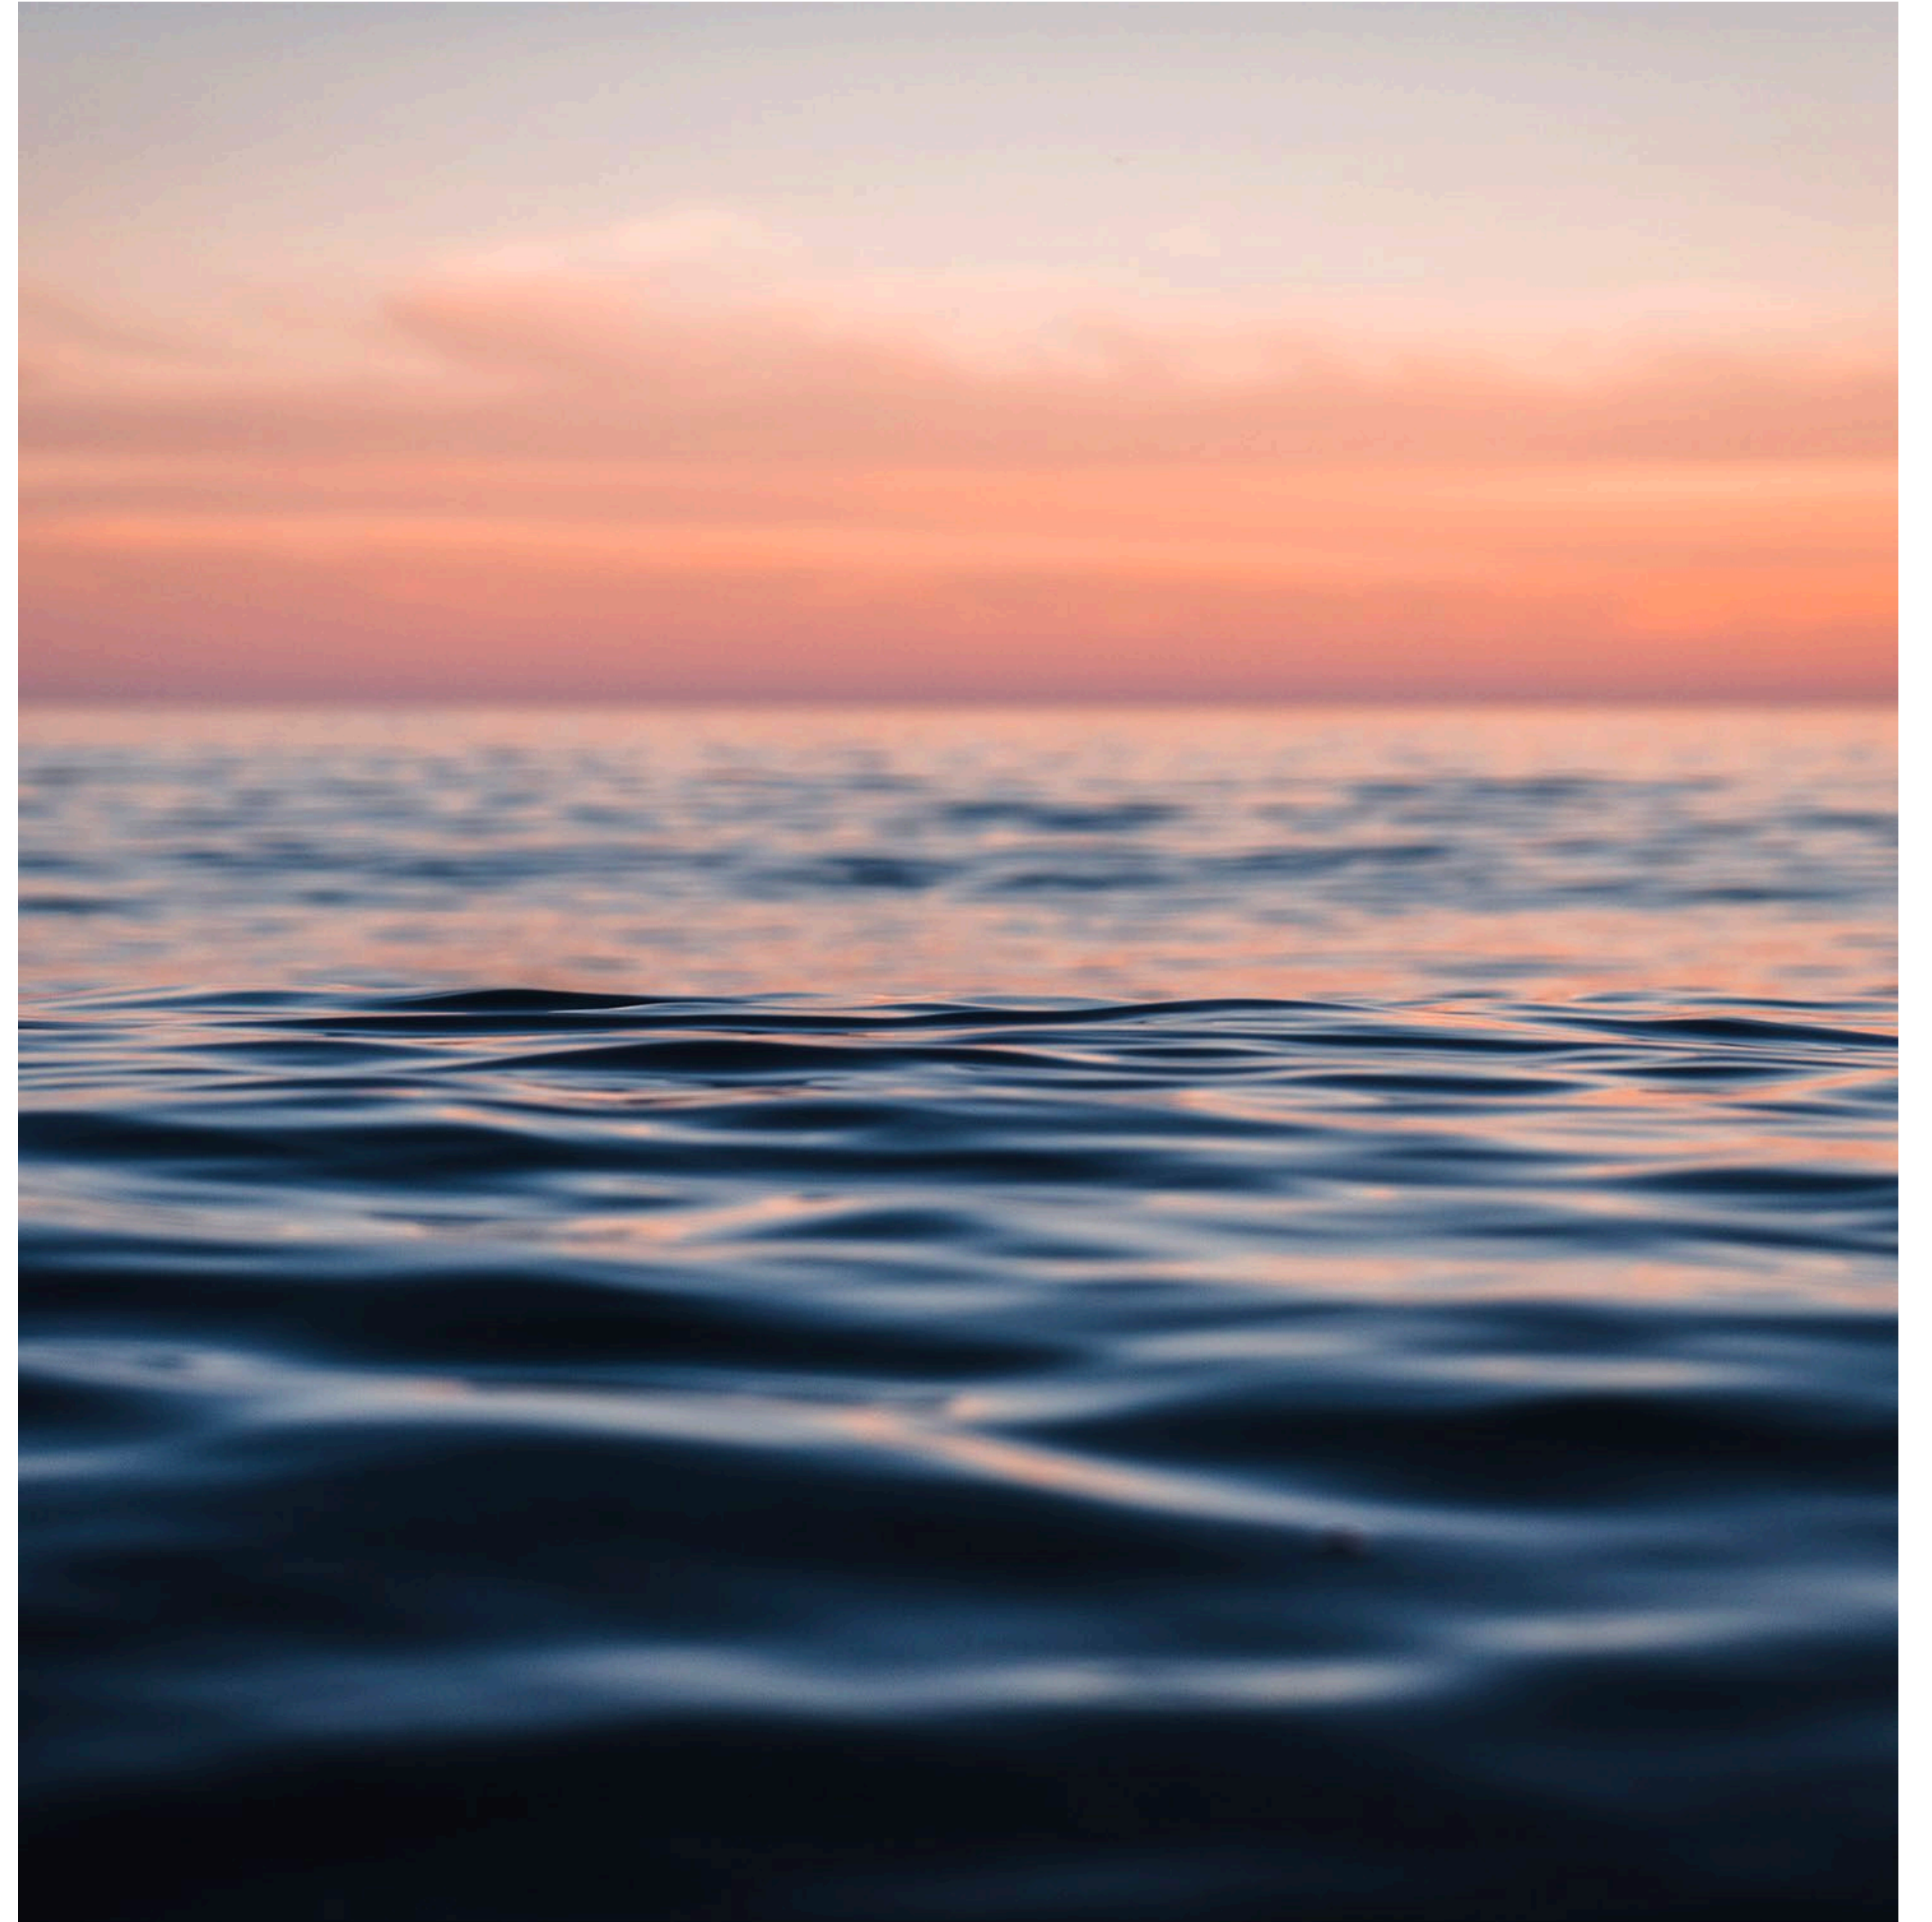

Monoclonal antibodies?

Ivermectin

Vitamin D, C, A Zinc

Hydroxychloroquine

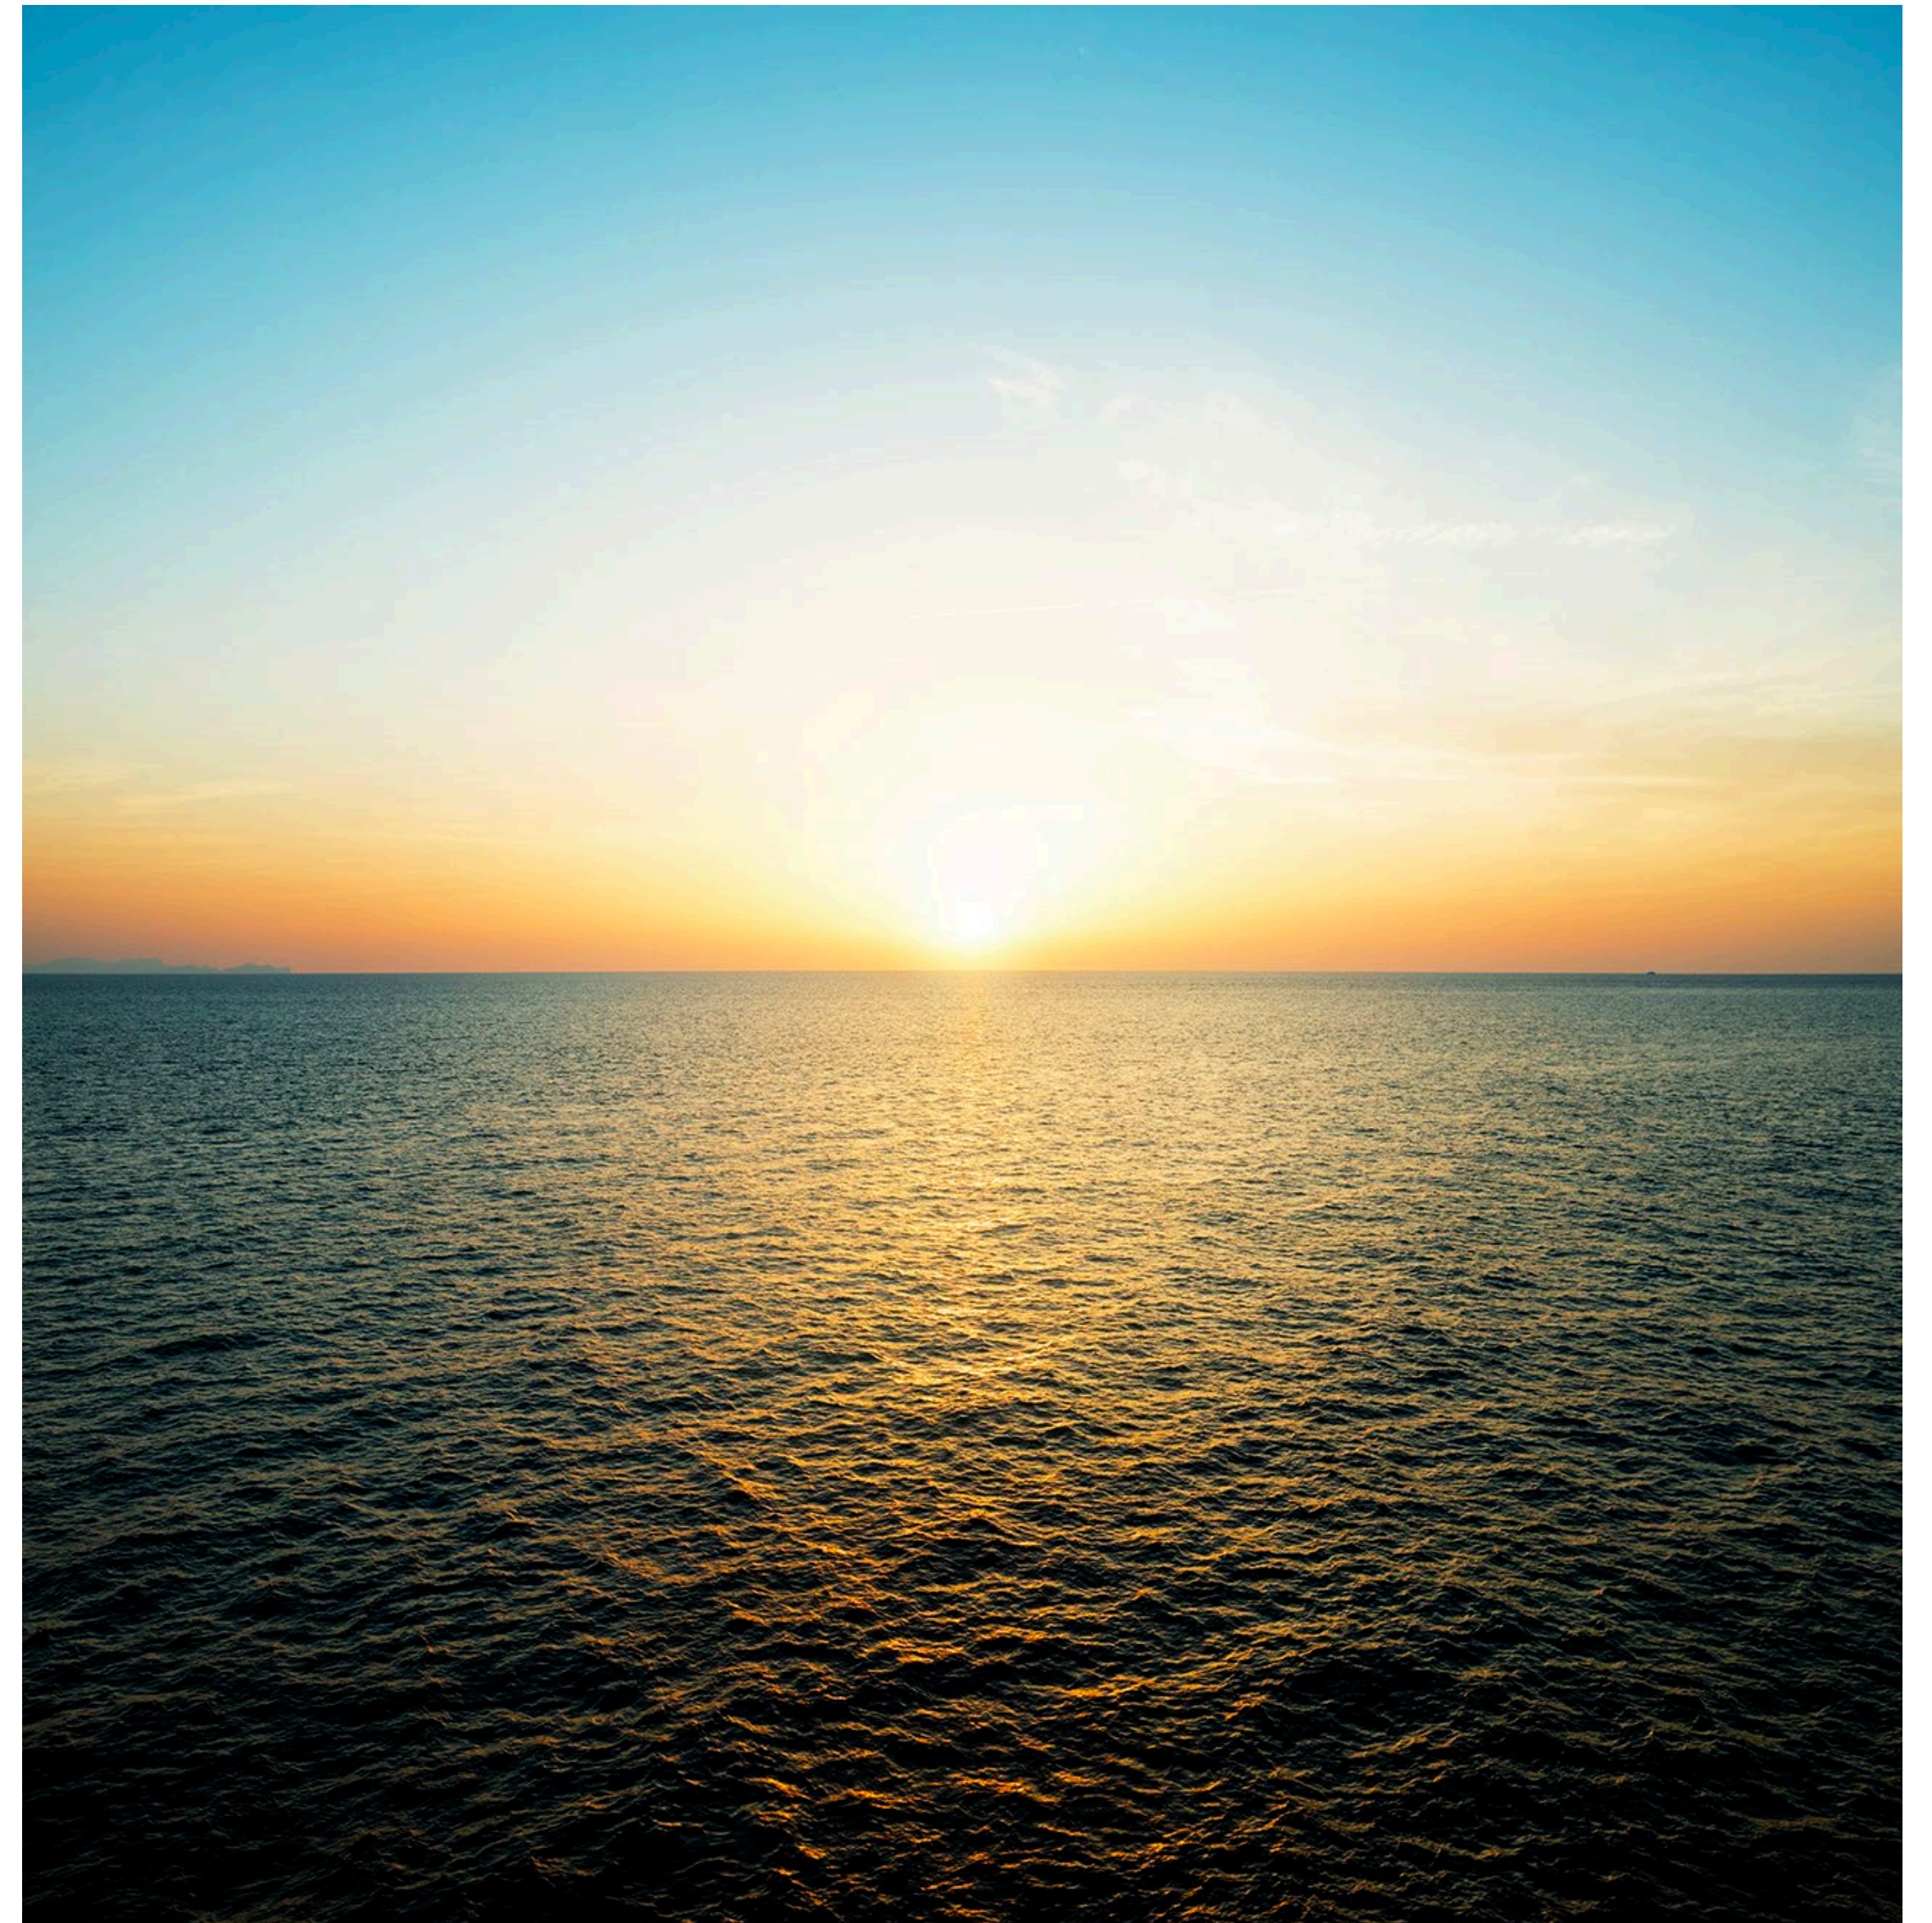

What treatment options exist should I use  
my civil right to refuse this vaccine?
